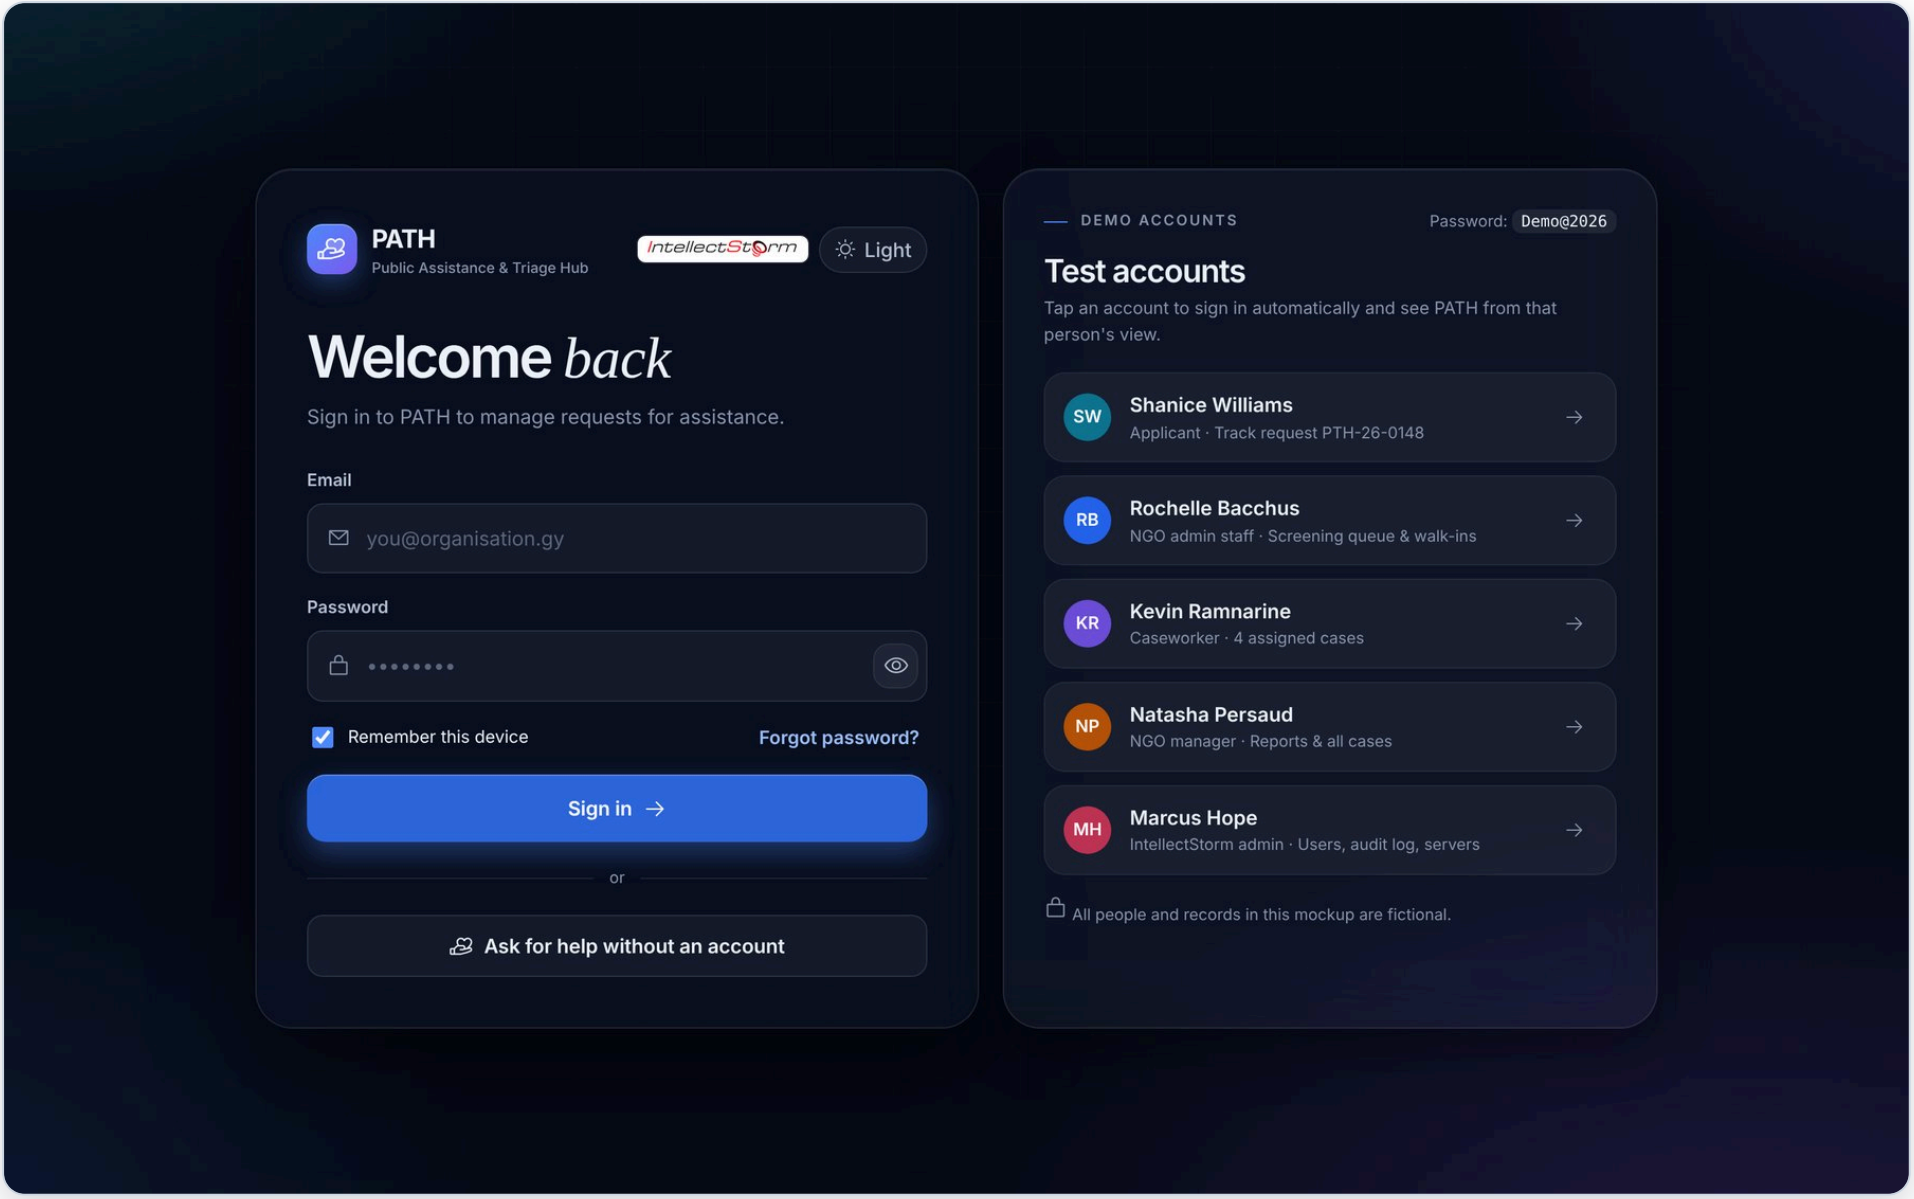

Figure 1. Sign-in with demo accounts (auto sign-in, two-step code for staff)

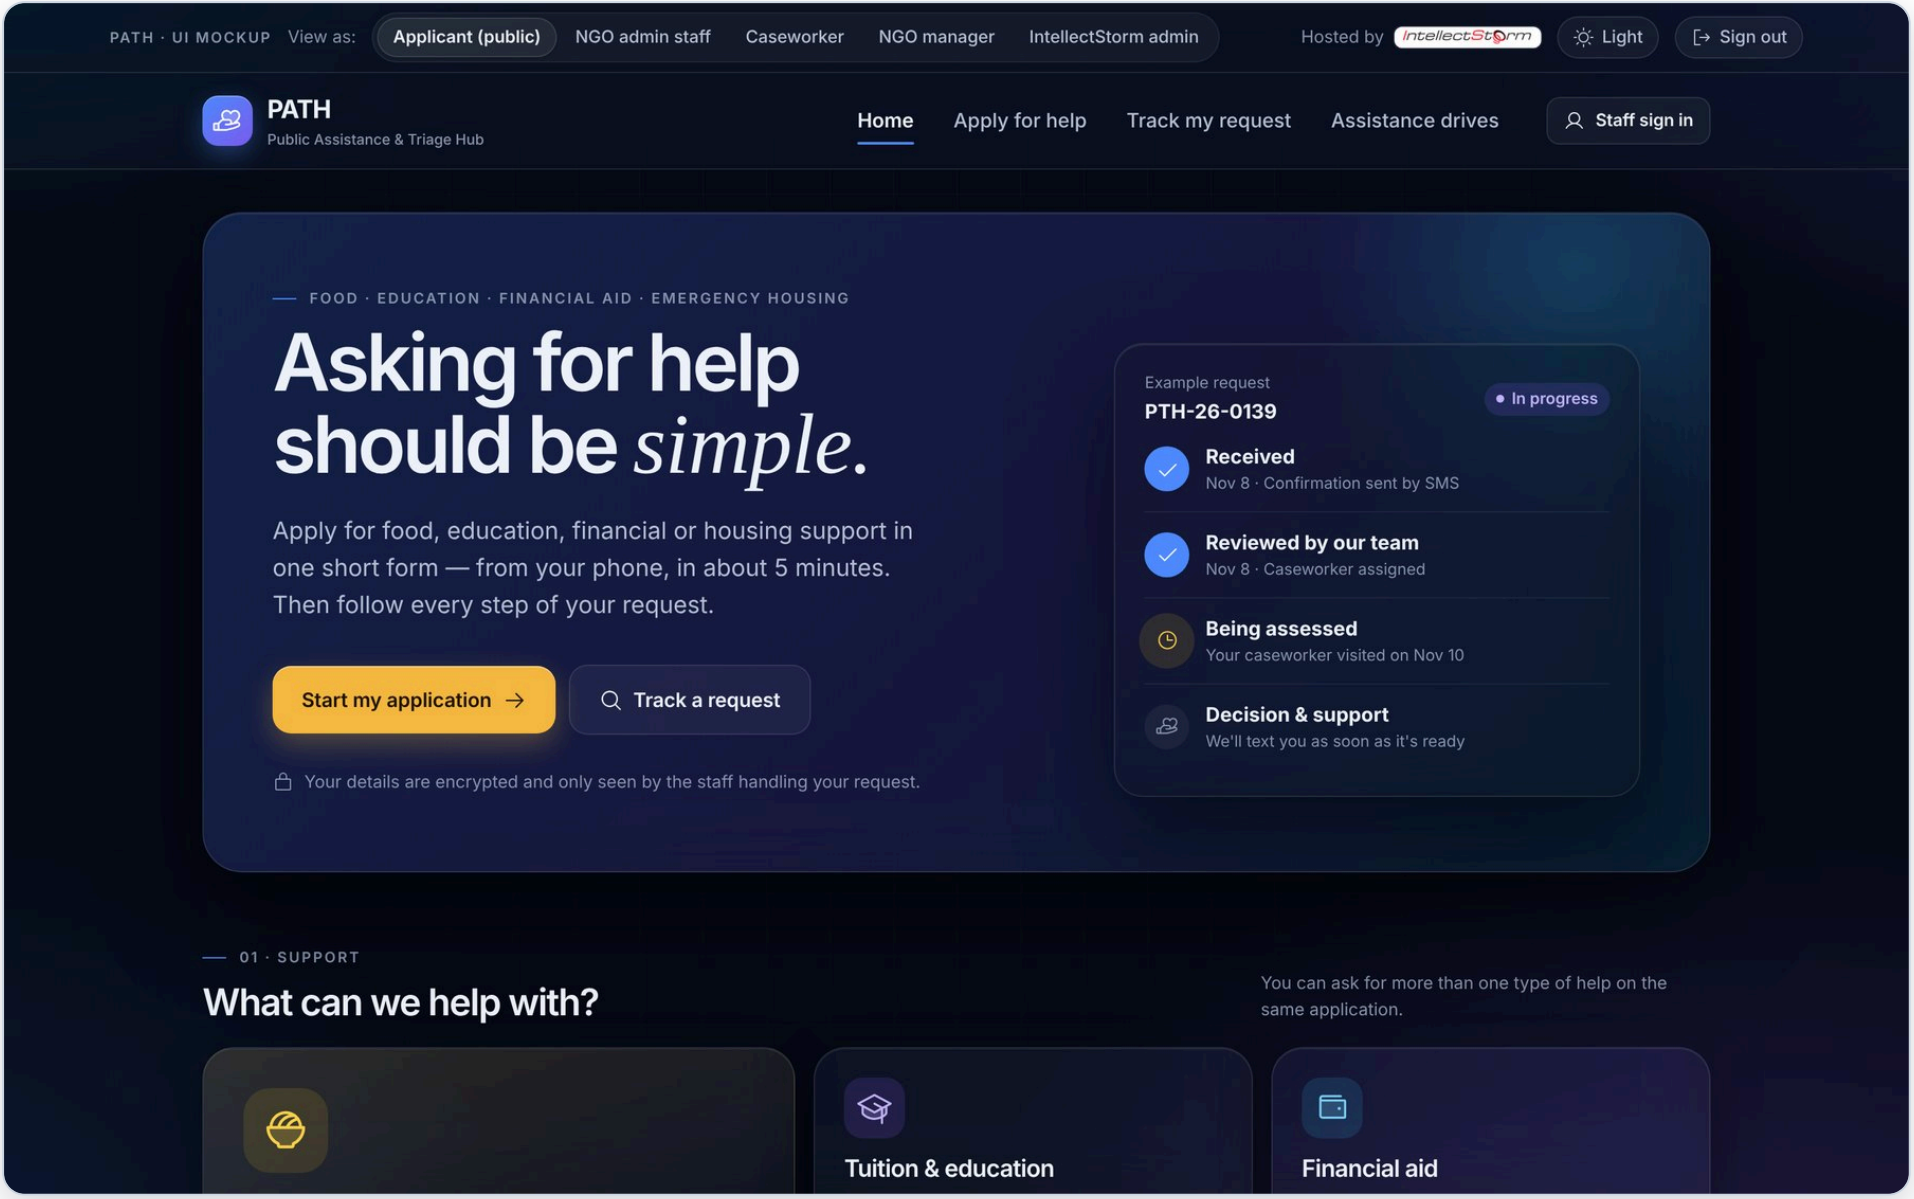

Figure 2. Public portal home: types of help, how it works, upcoming drives

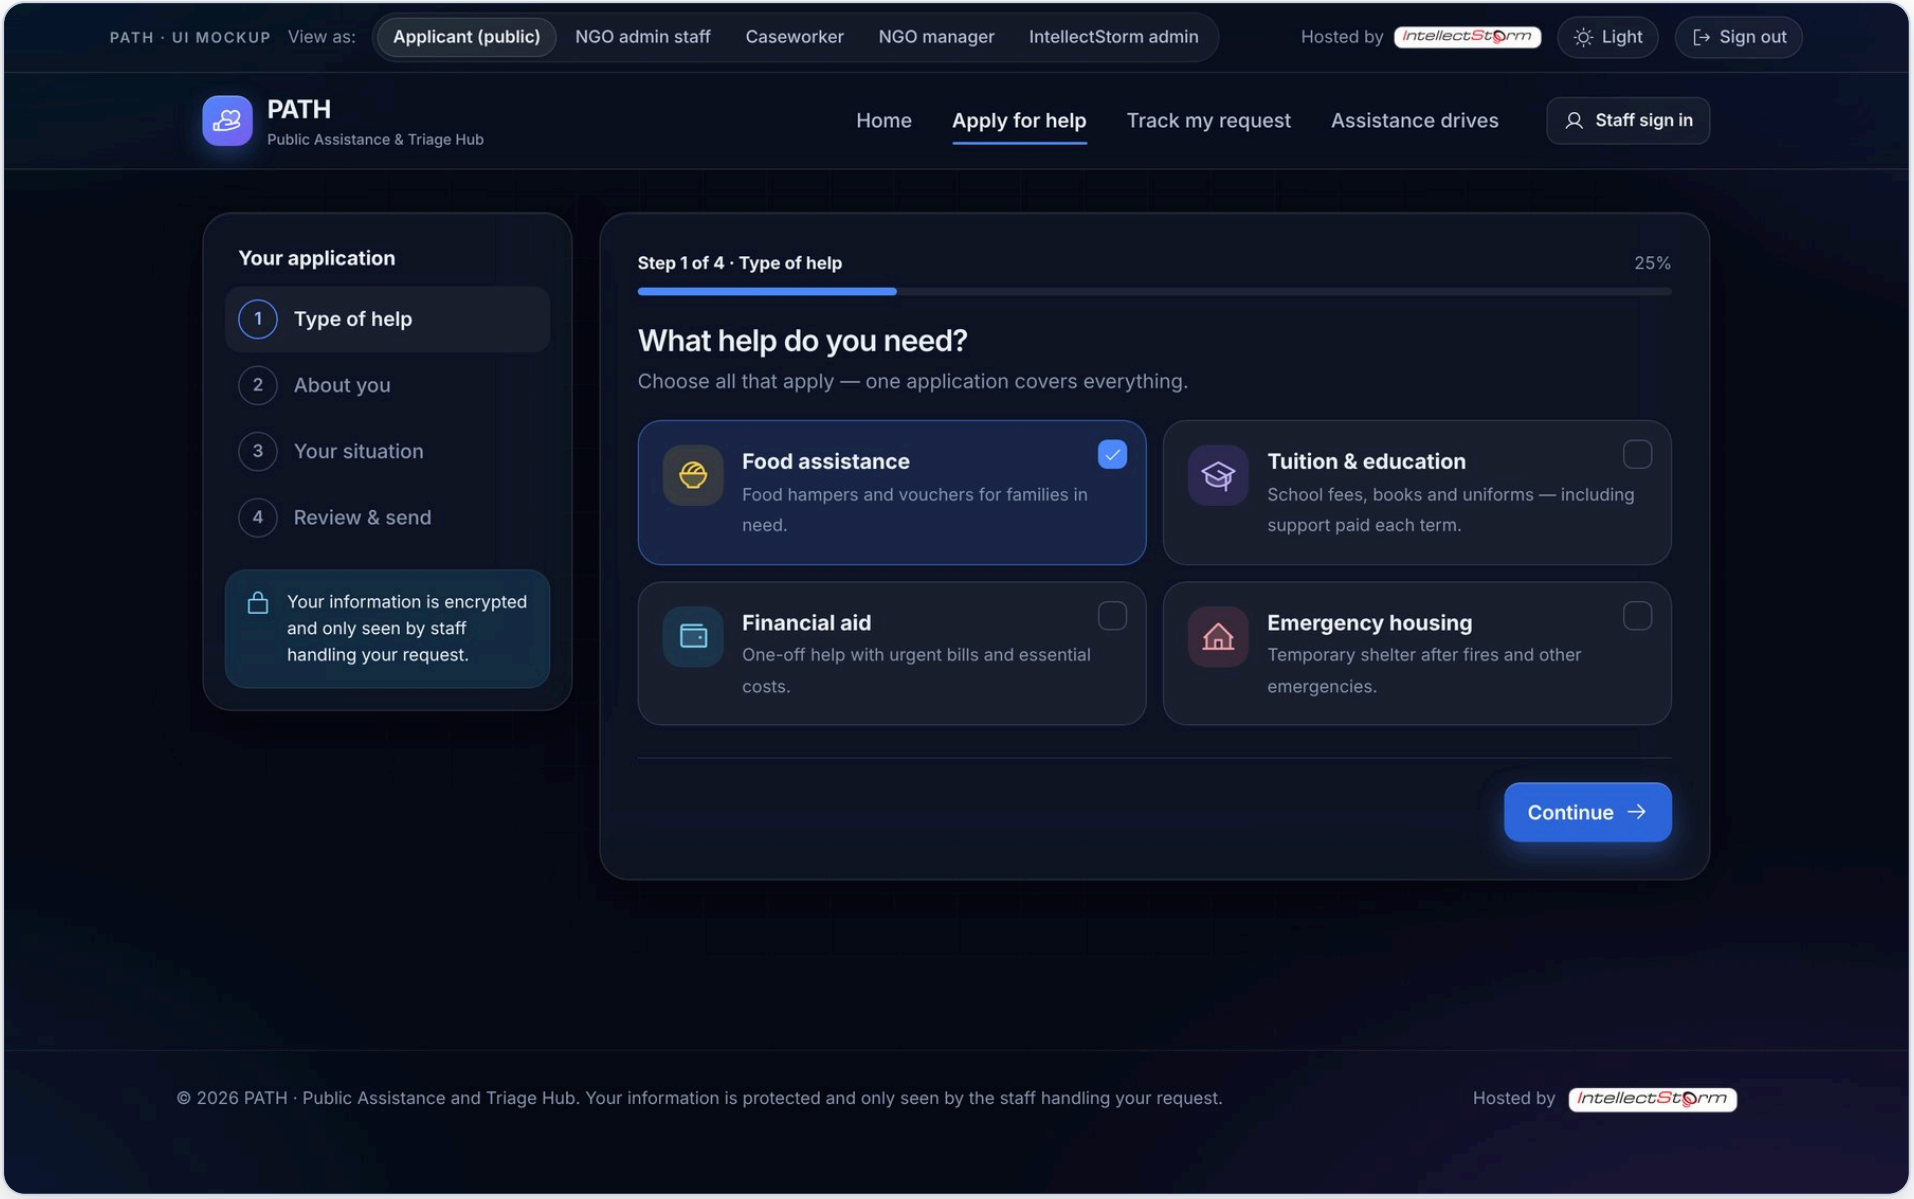

Figure 3. Apply wizard, step 1: choose the type of help

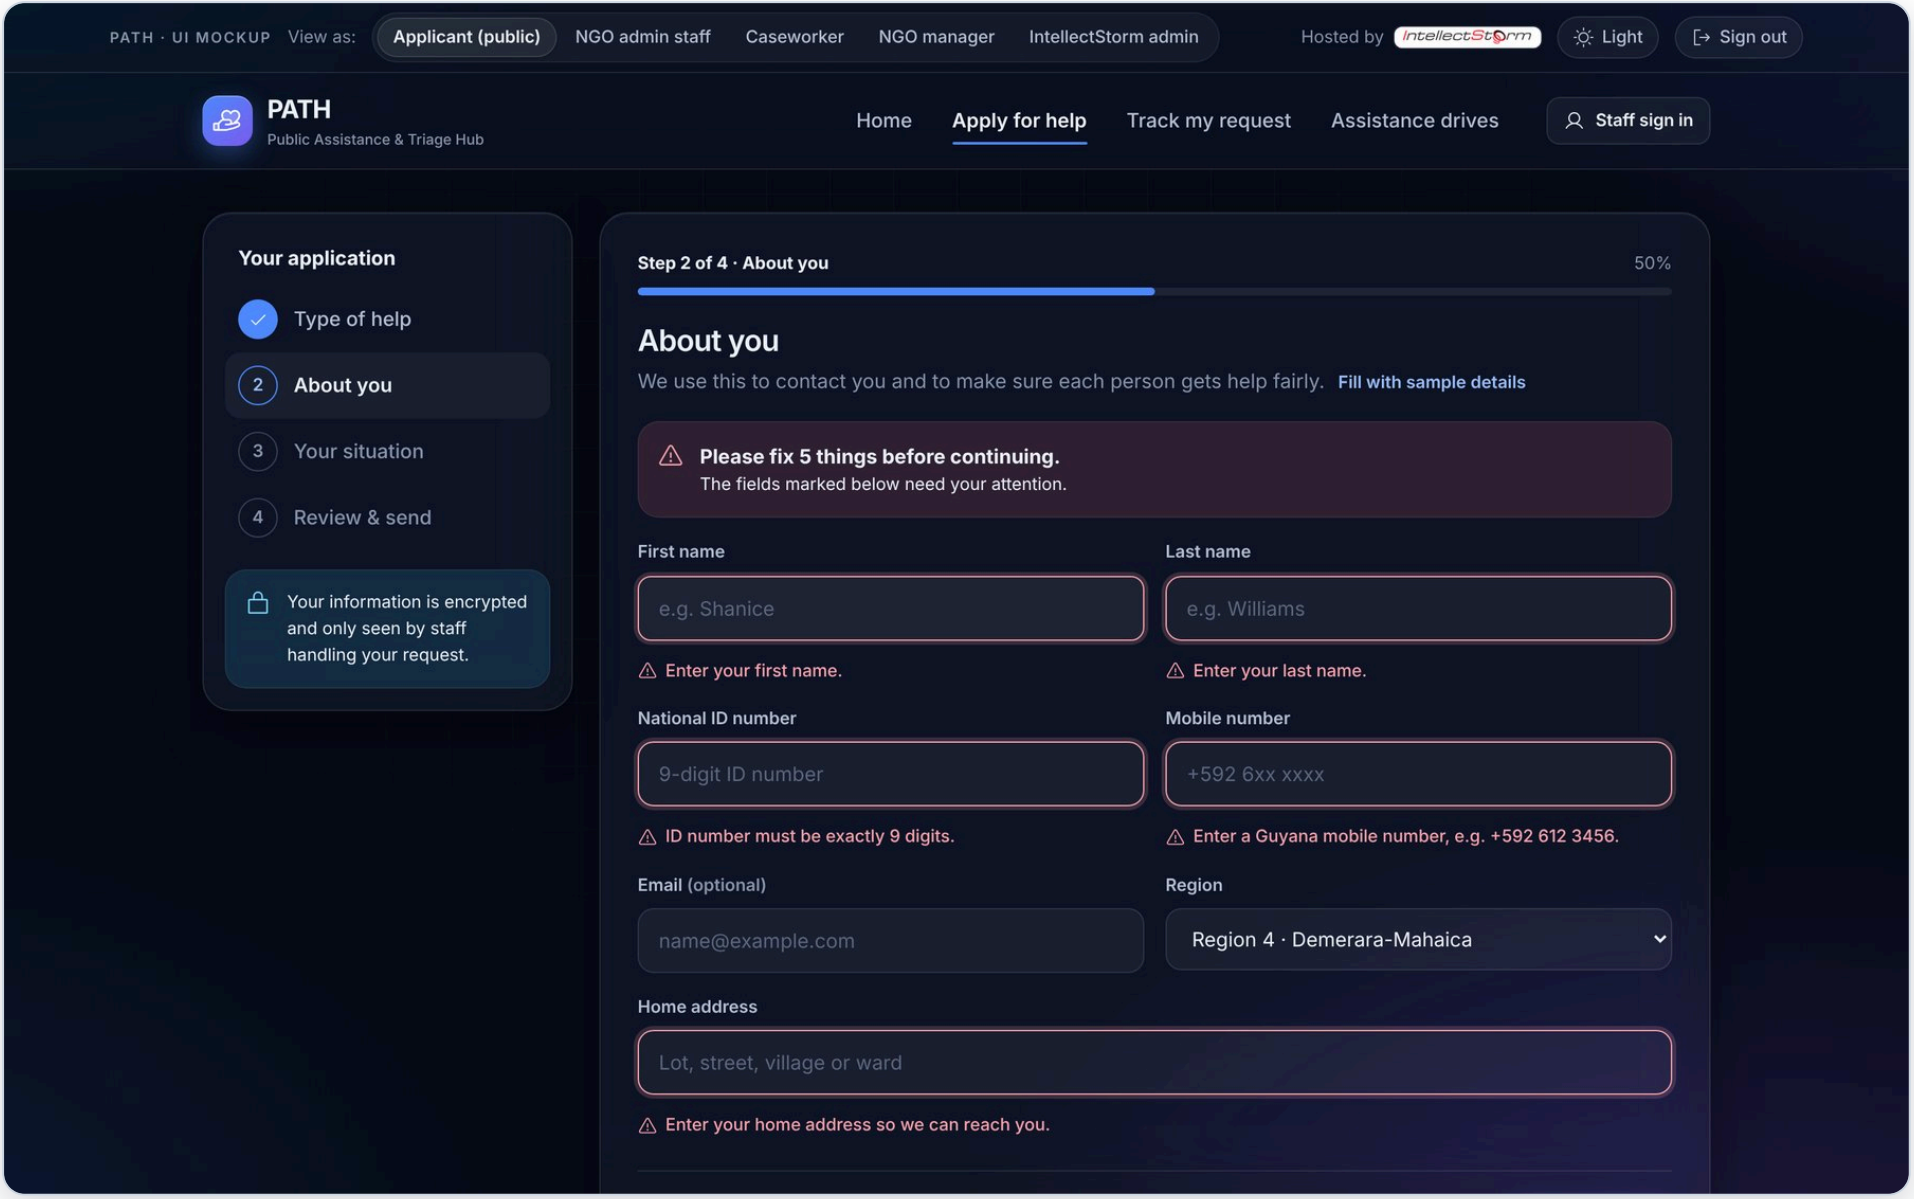

Figure 4. Apply wizard, step 2: inline validation messages

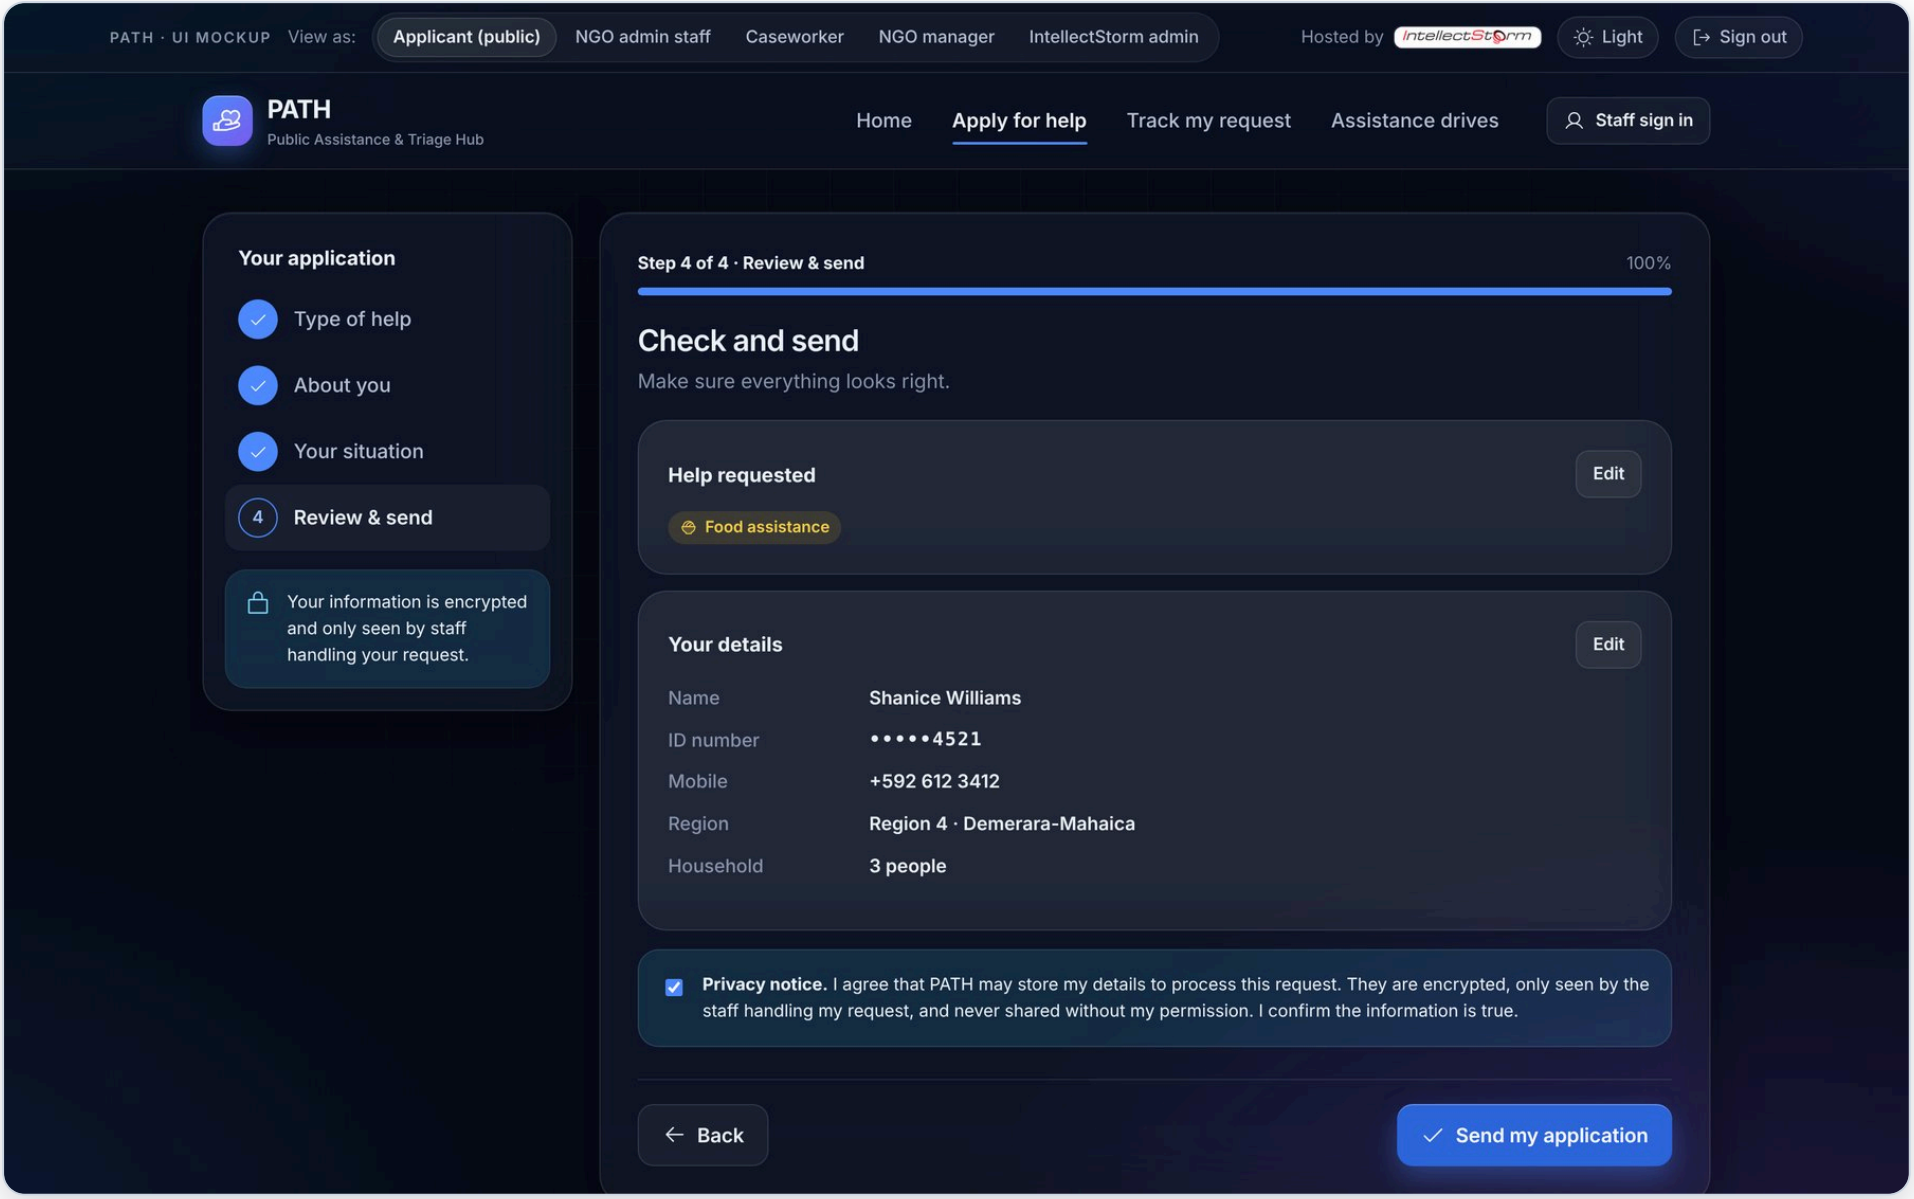

Figure 5. Apply wizard, step 4: review and consent

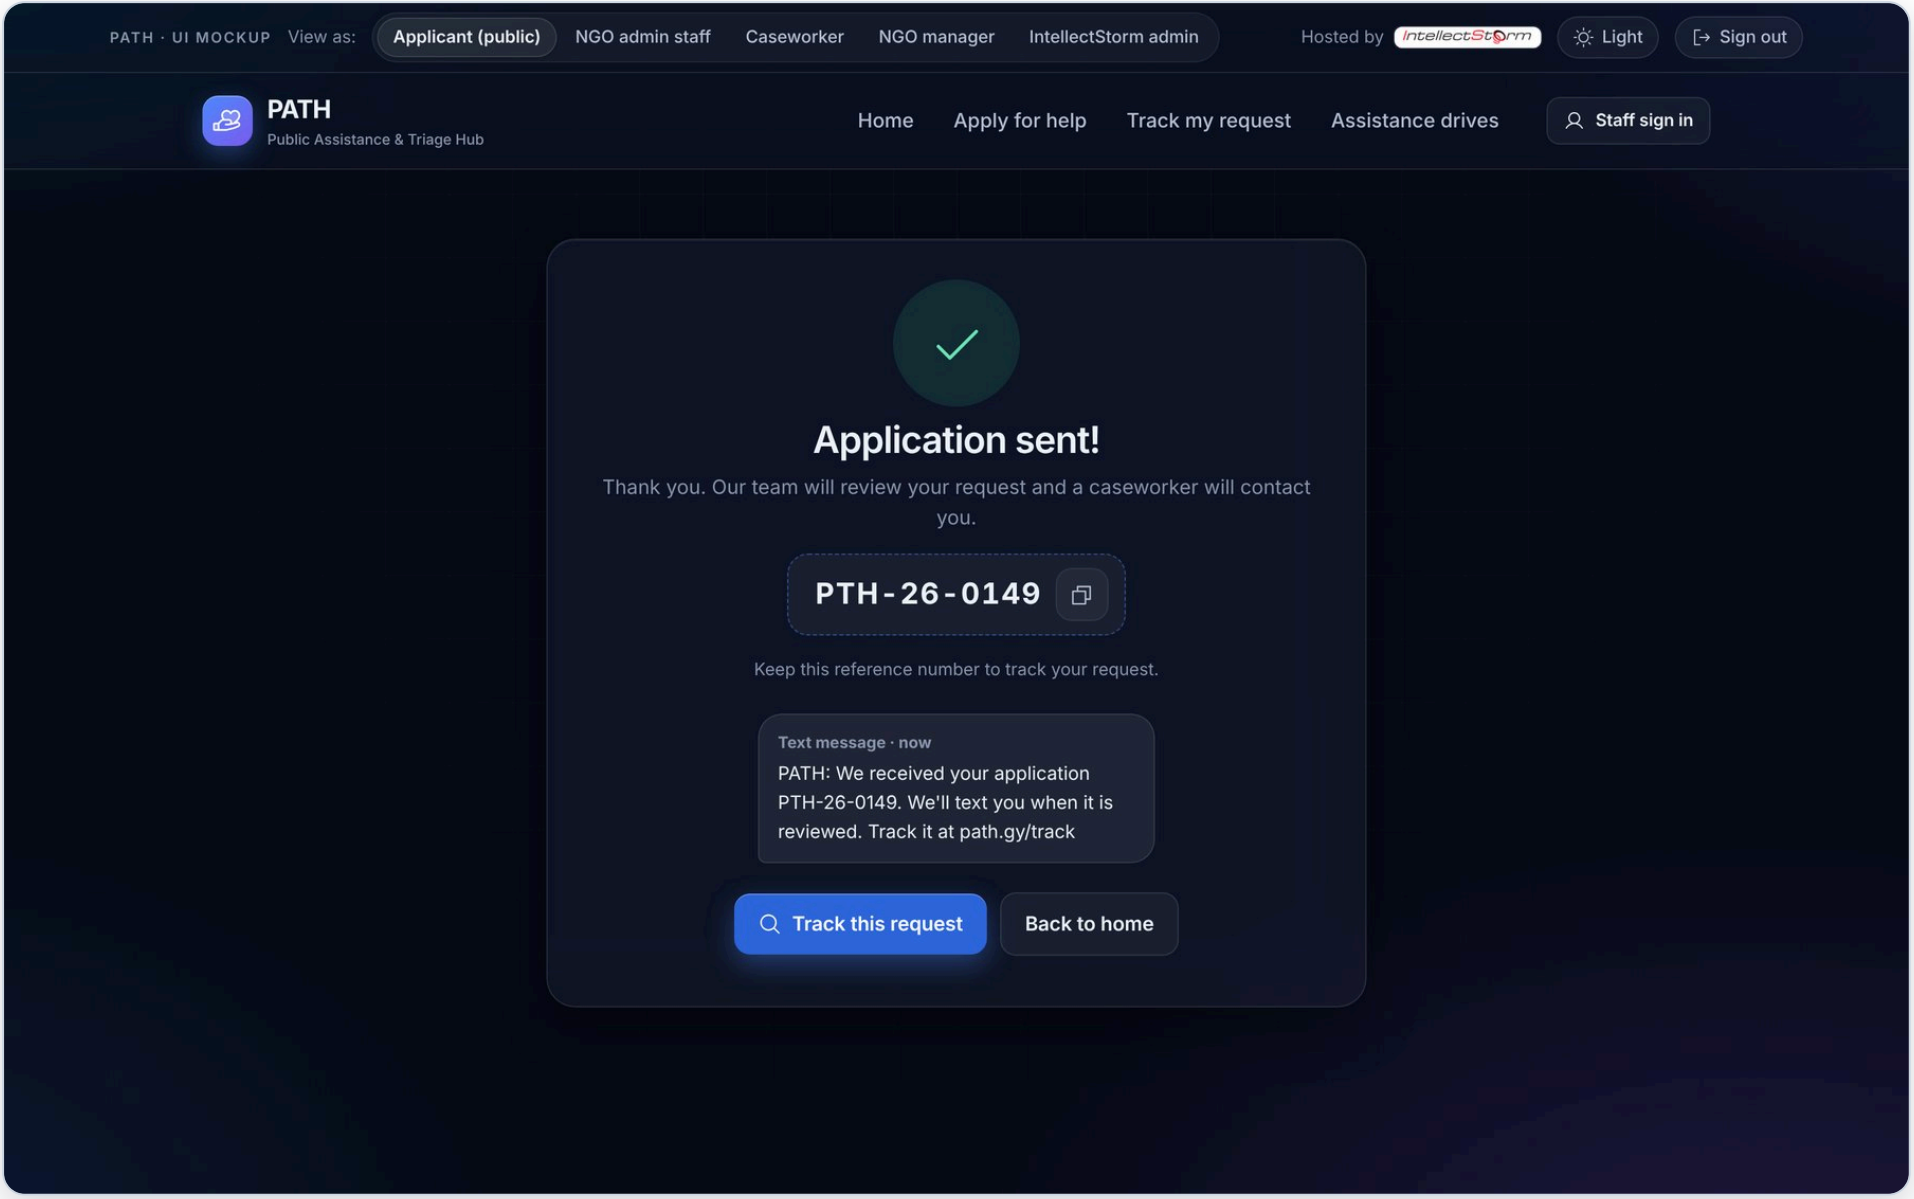

Figure 6. Confirmation with reference number

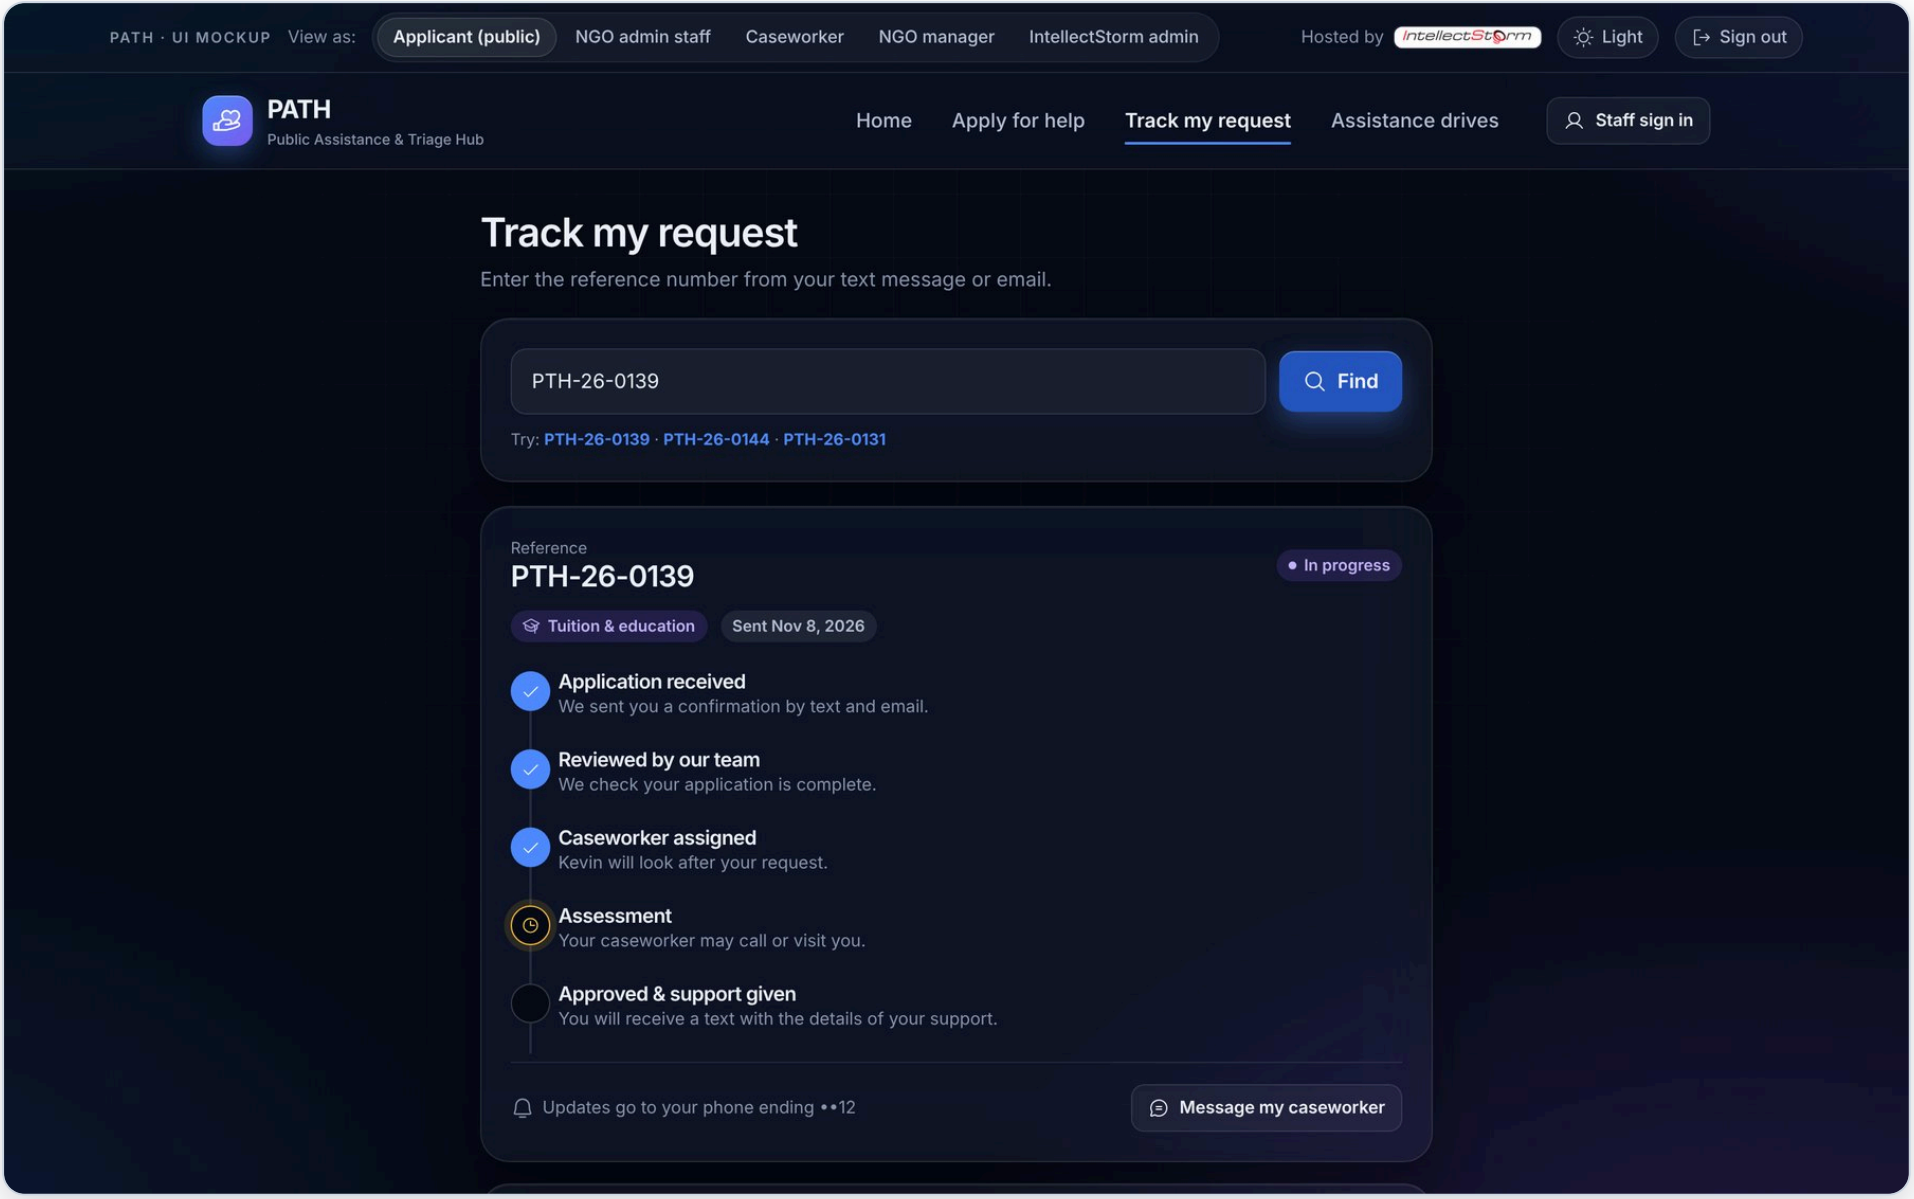

Figure 7. Track a request: progress timeline and contact preferences

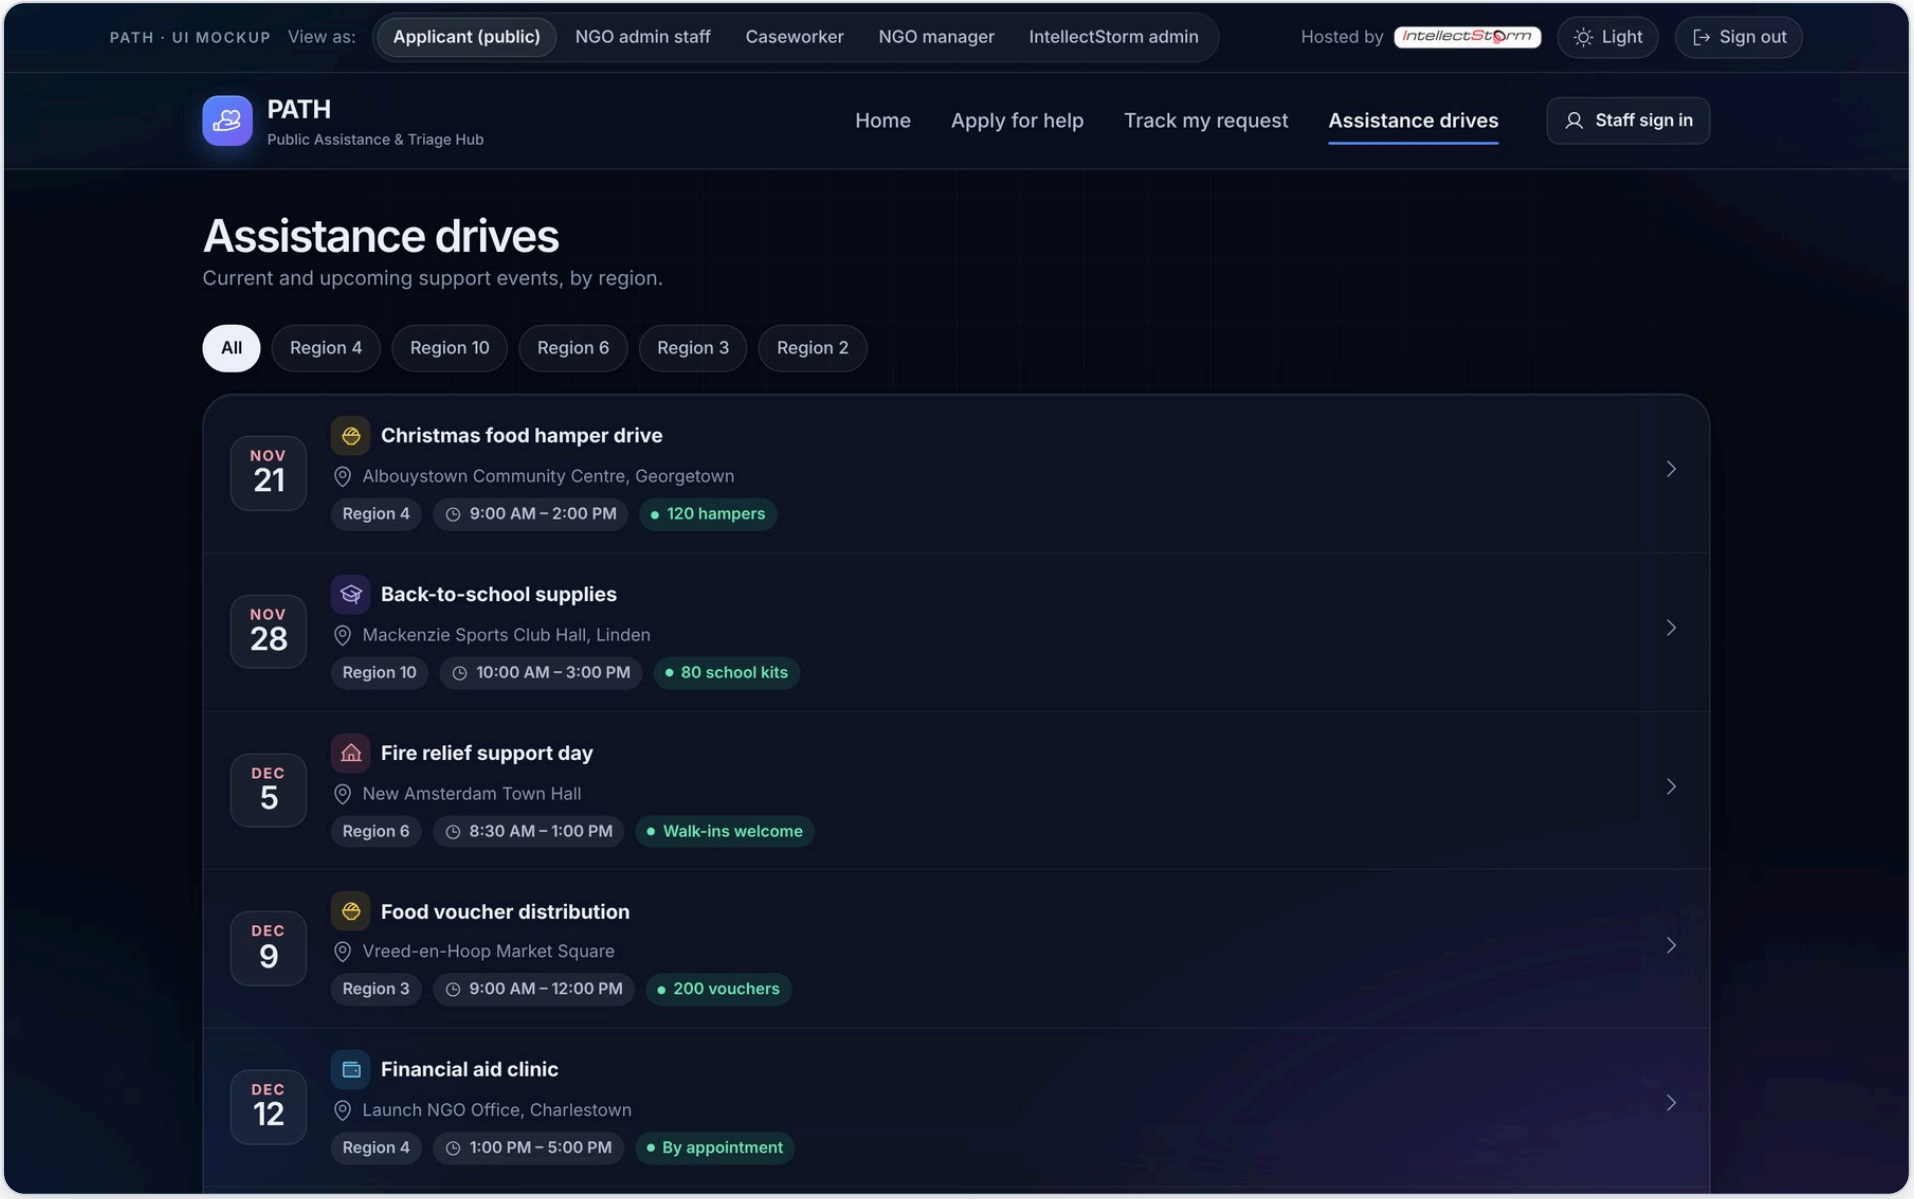

Figure 8. Public list of assistance drives by region

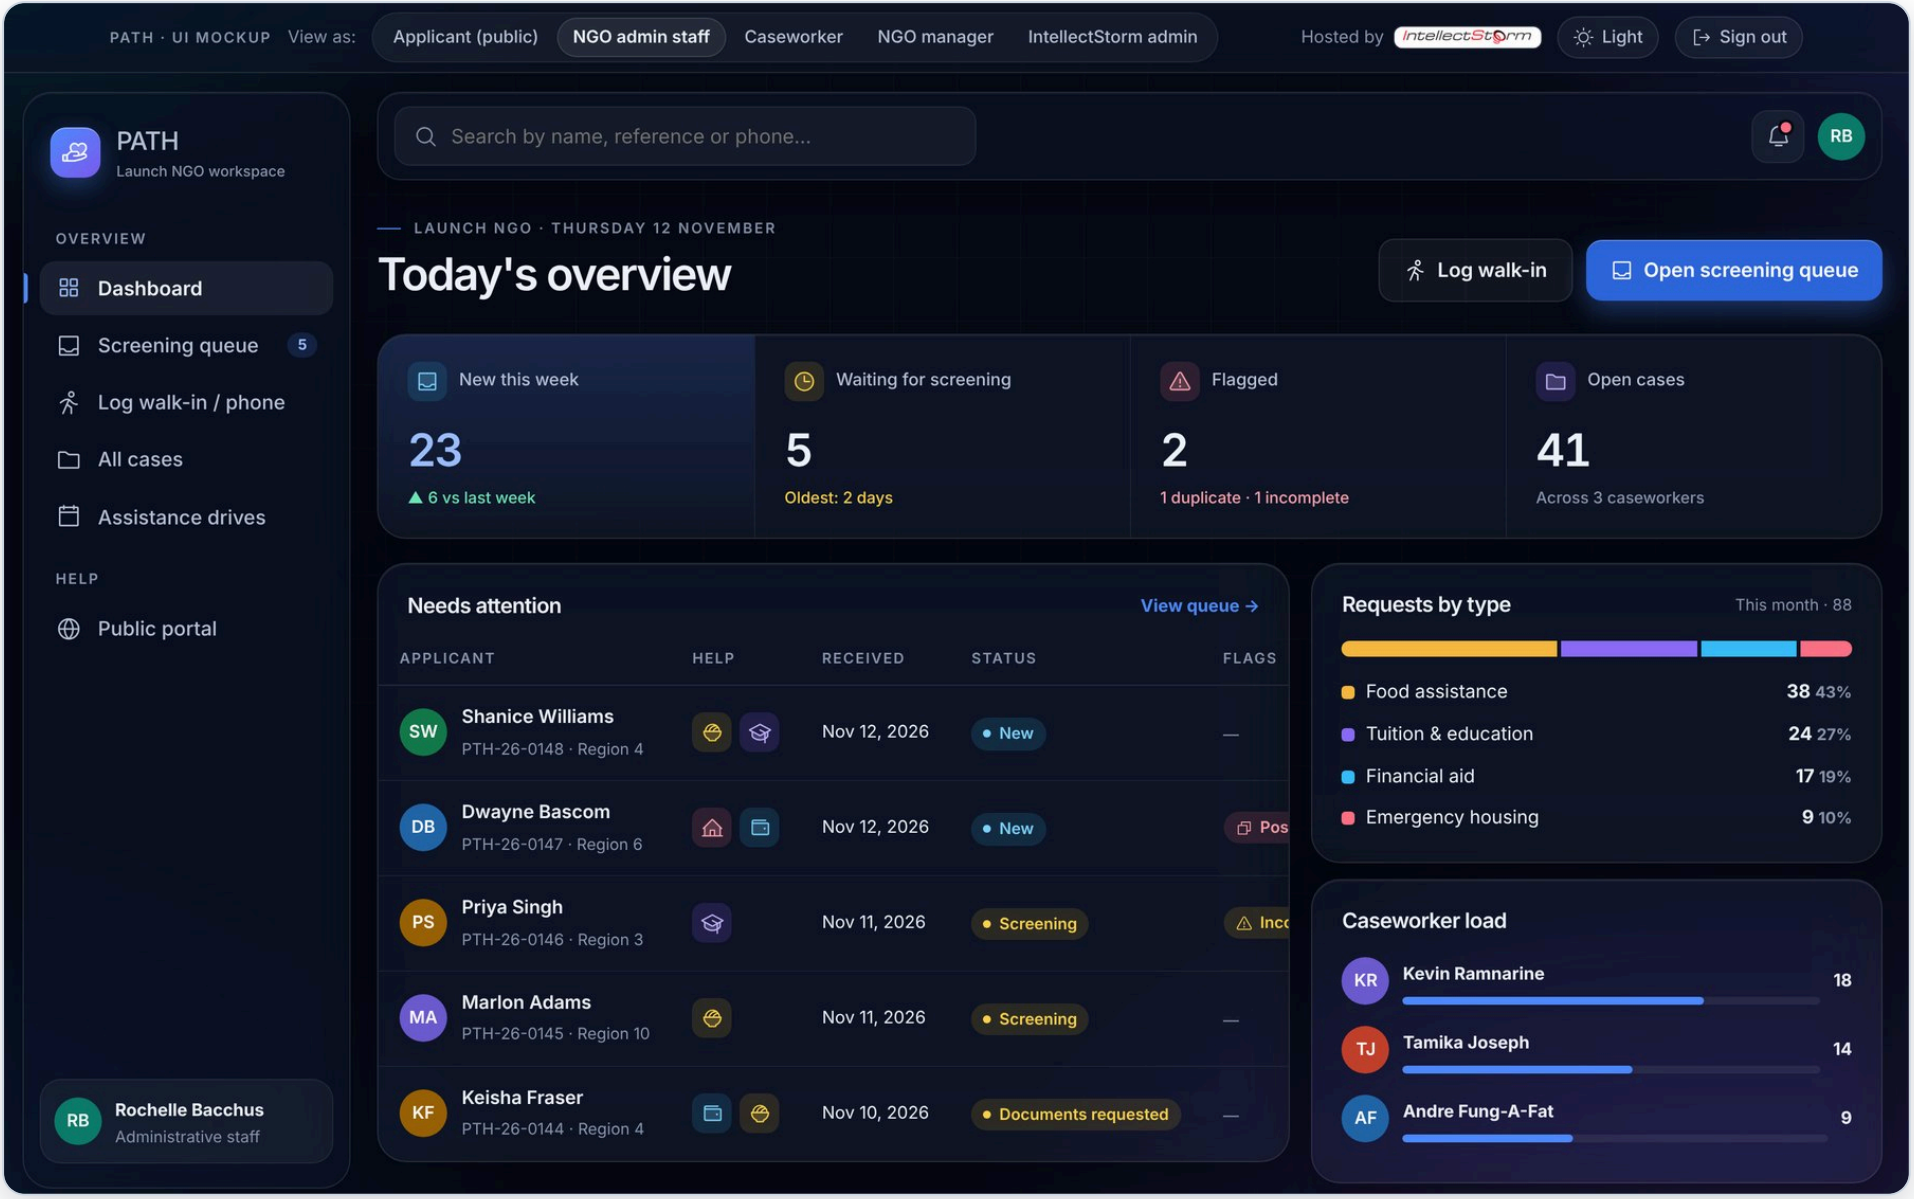

Figure 9. Staff dashboard: today's overview, needs-attention list, requests by type

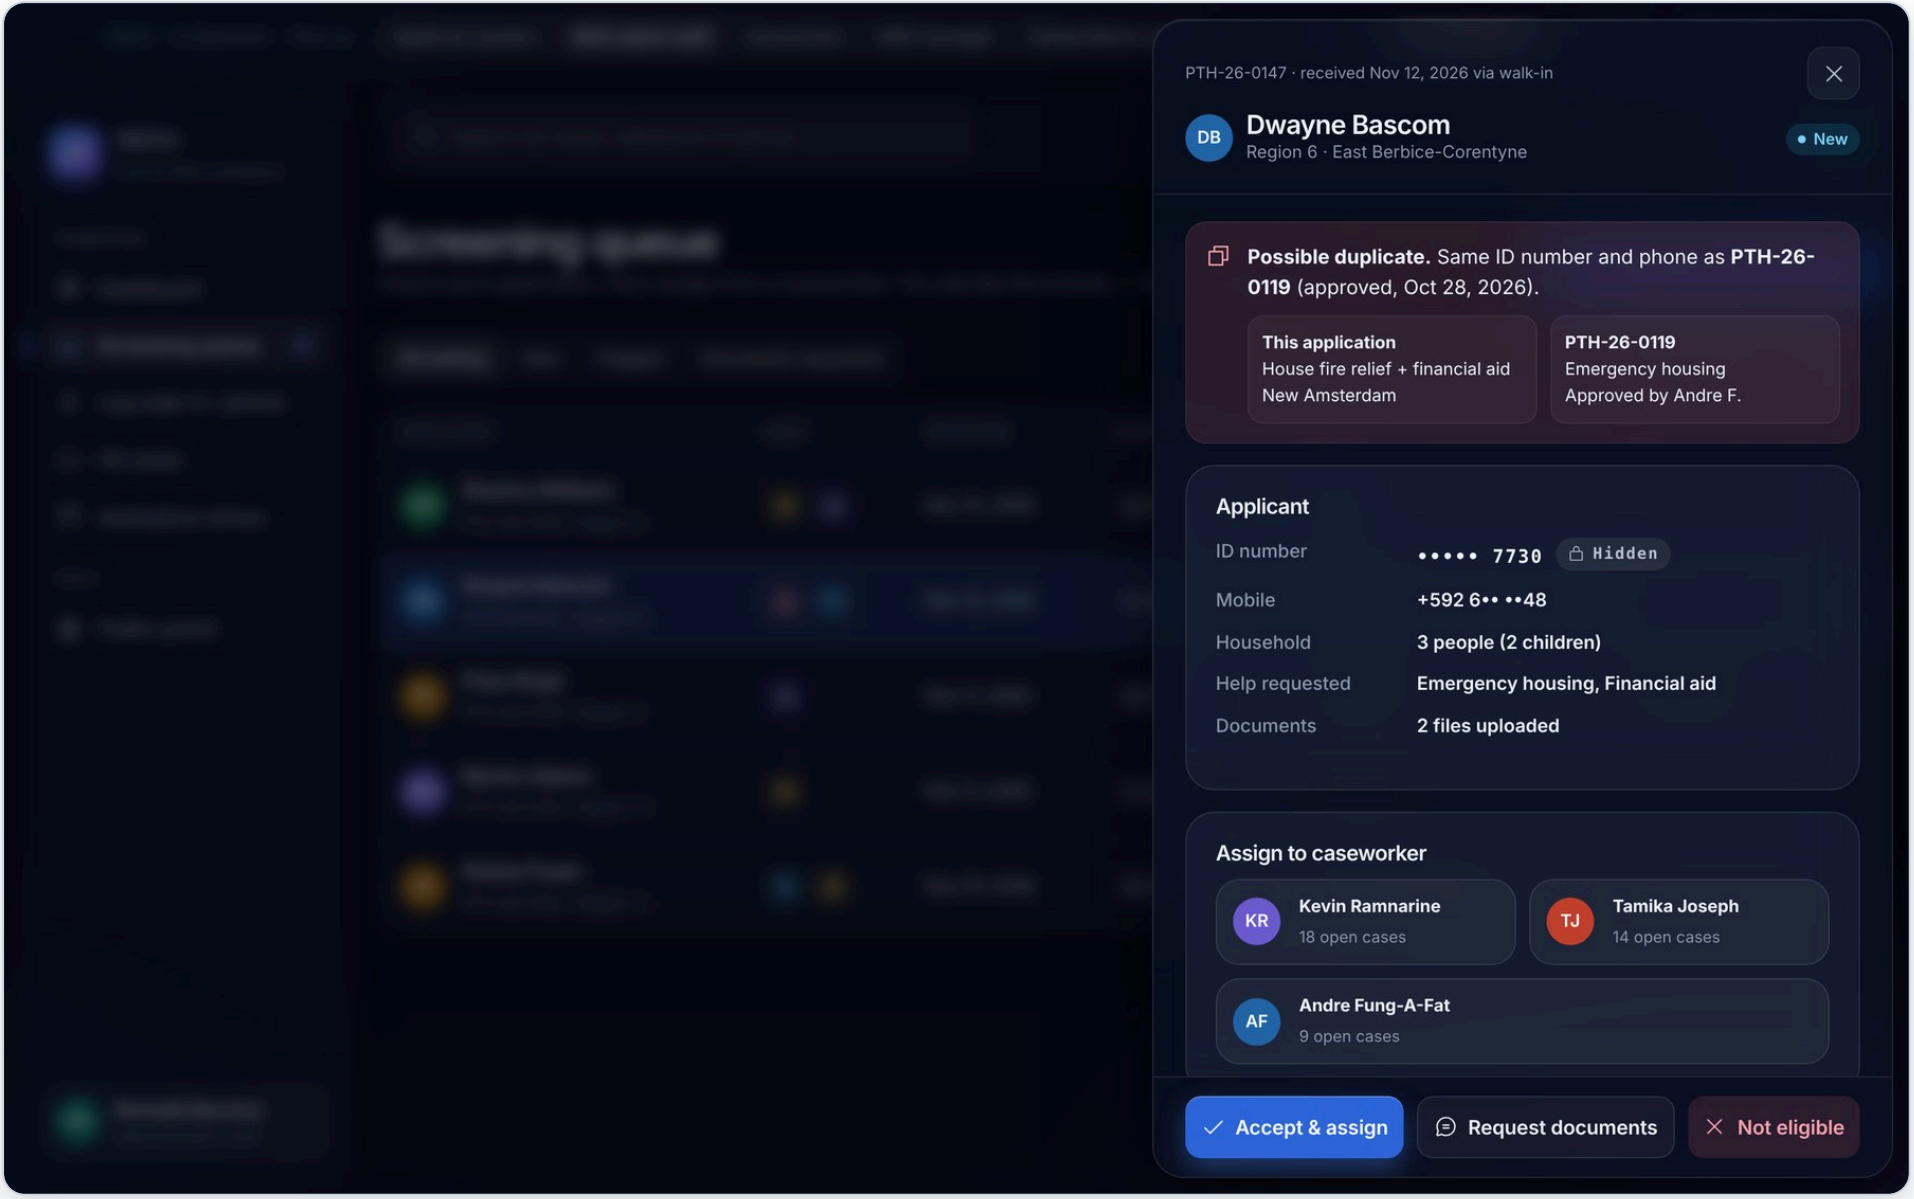

Figure 10. Screening queue with application drawer (duplicate flag, assign caseworker)

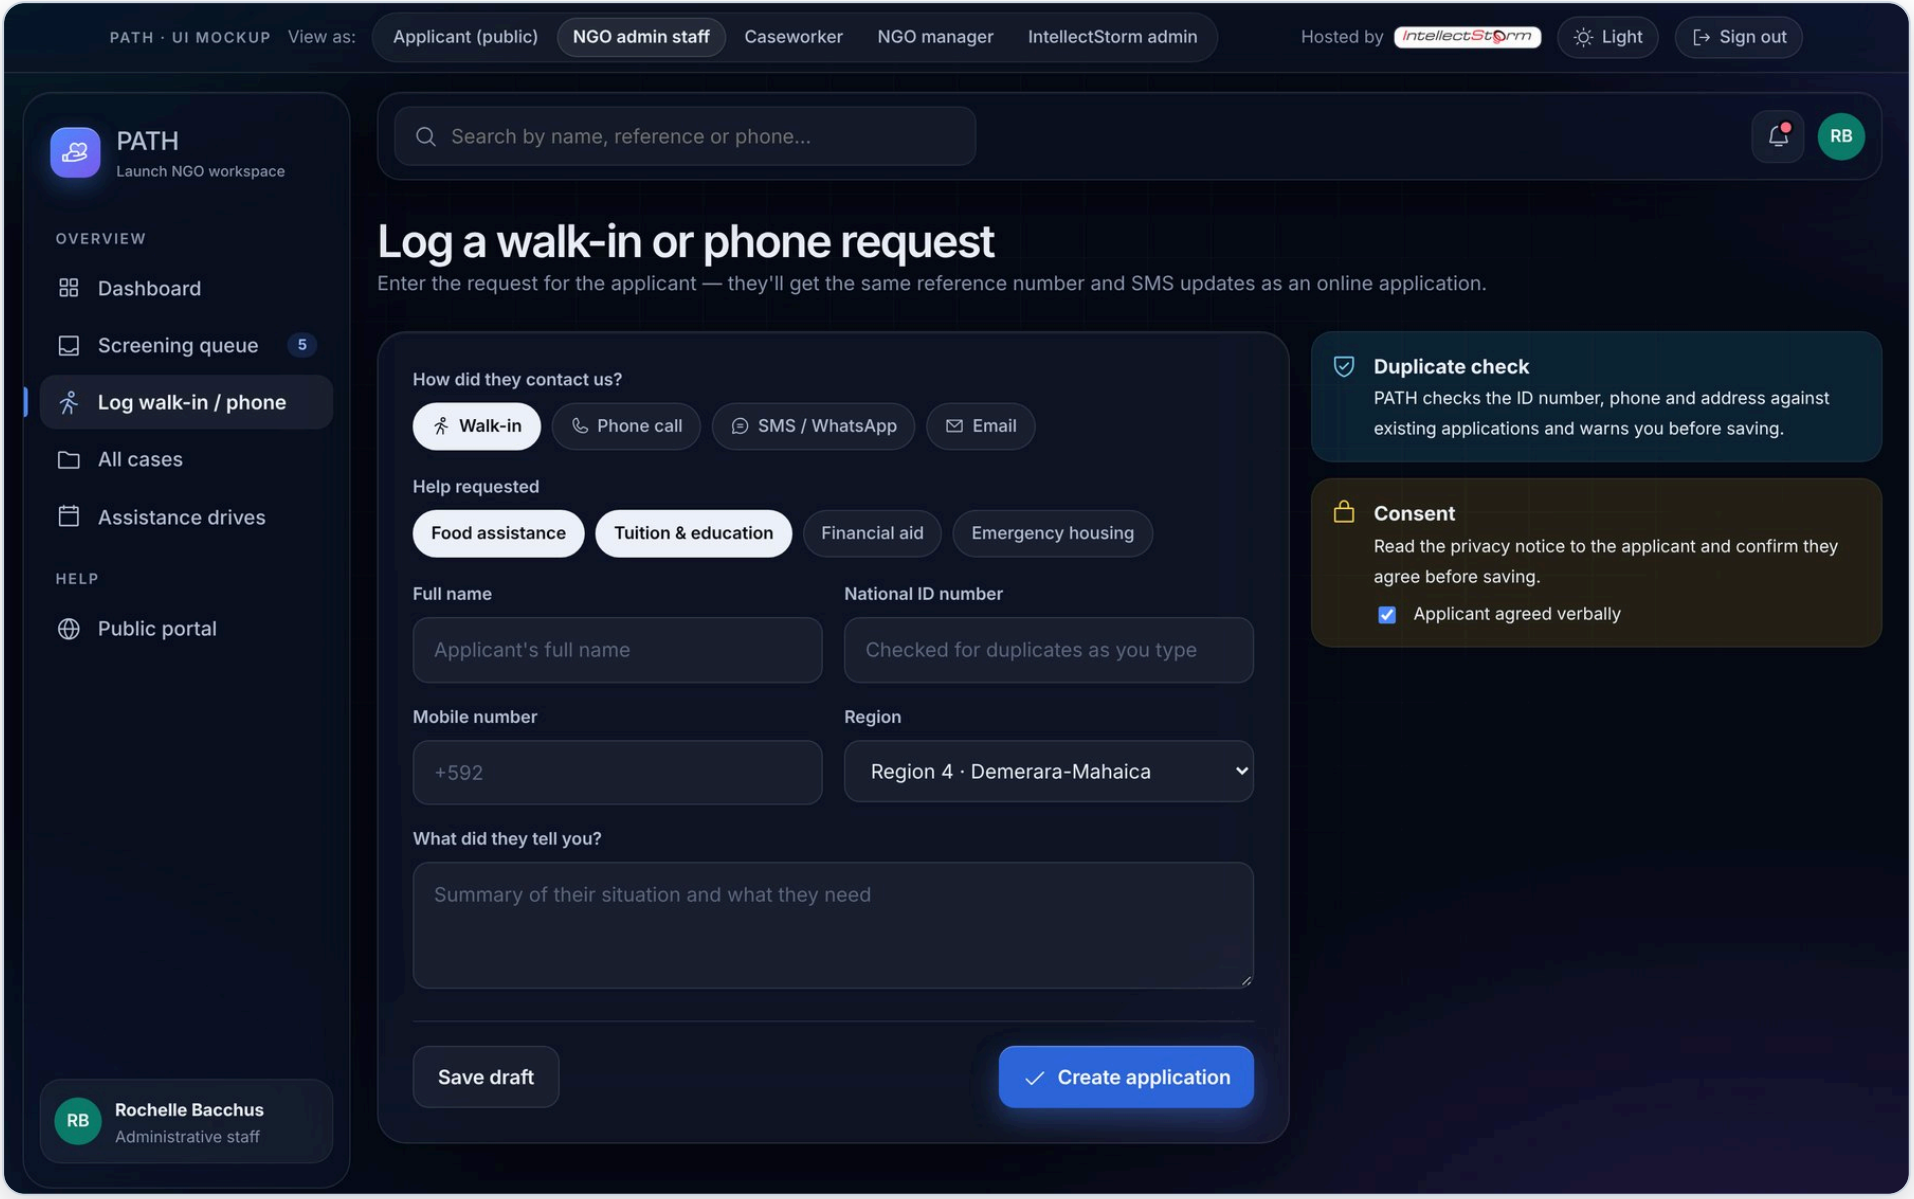

Figure 11. Log a walk-in or phone request

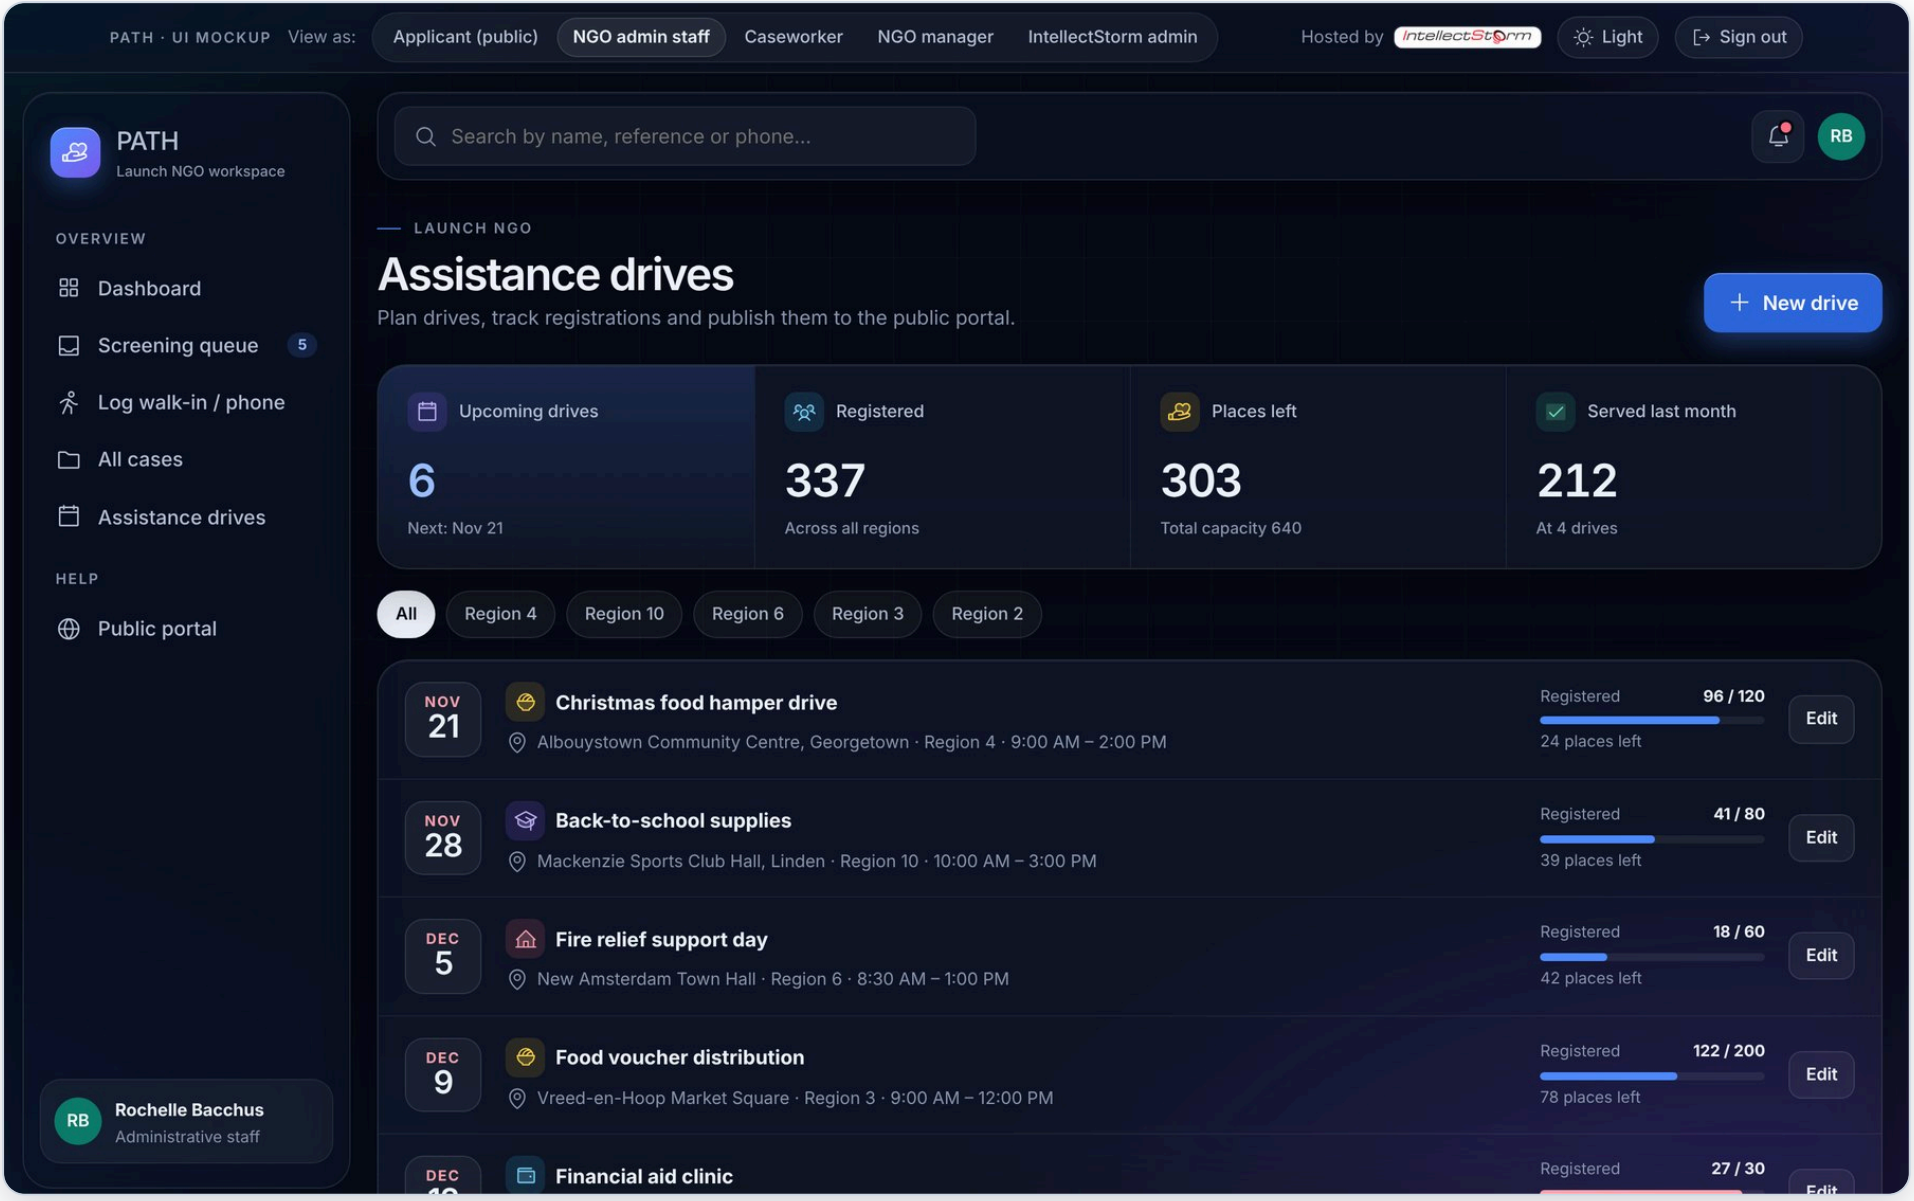

Figure 12. Drive management: capacity, registrations and edit

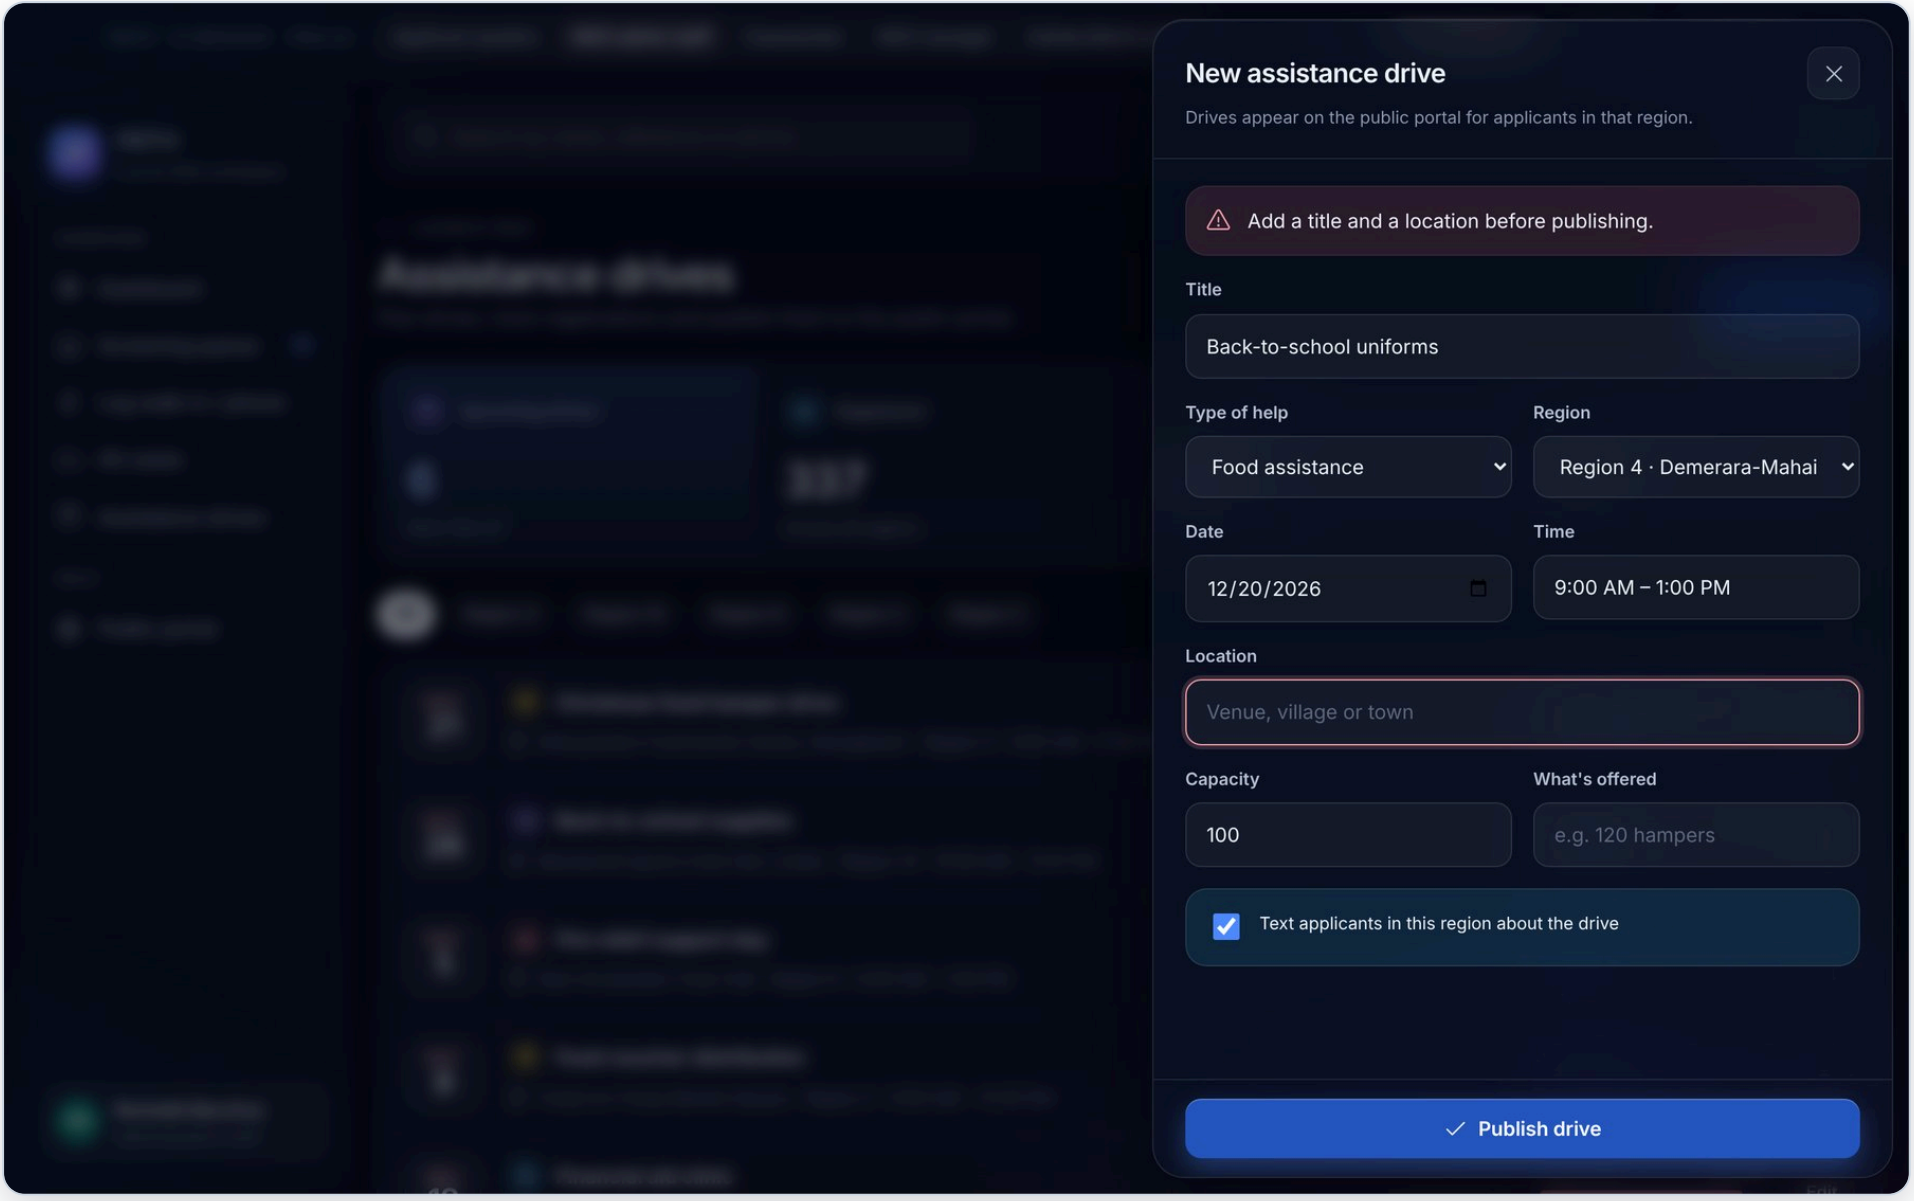

Figure 13. New drive form with validation

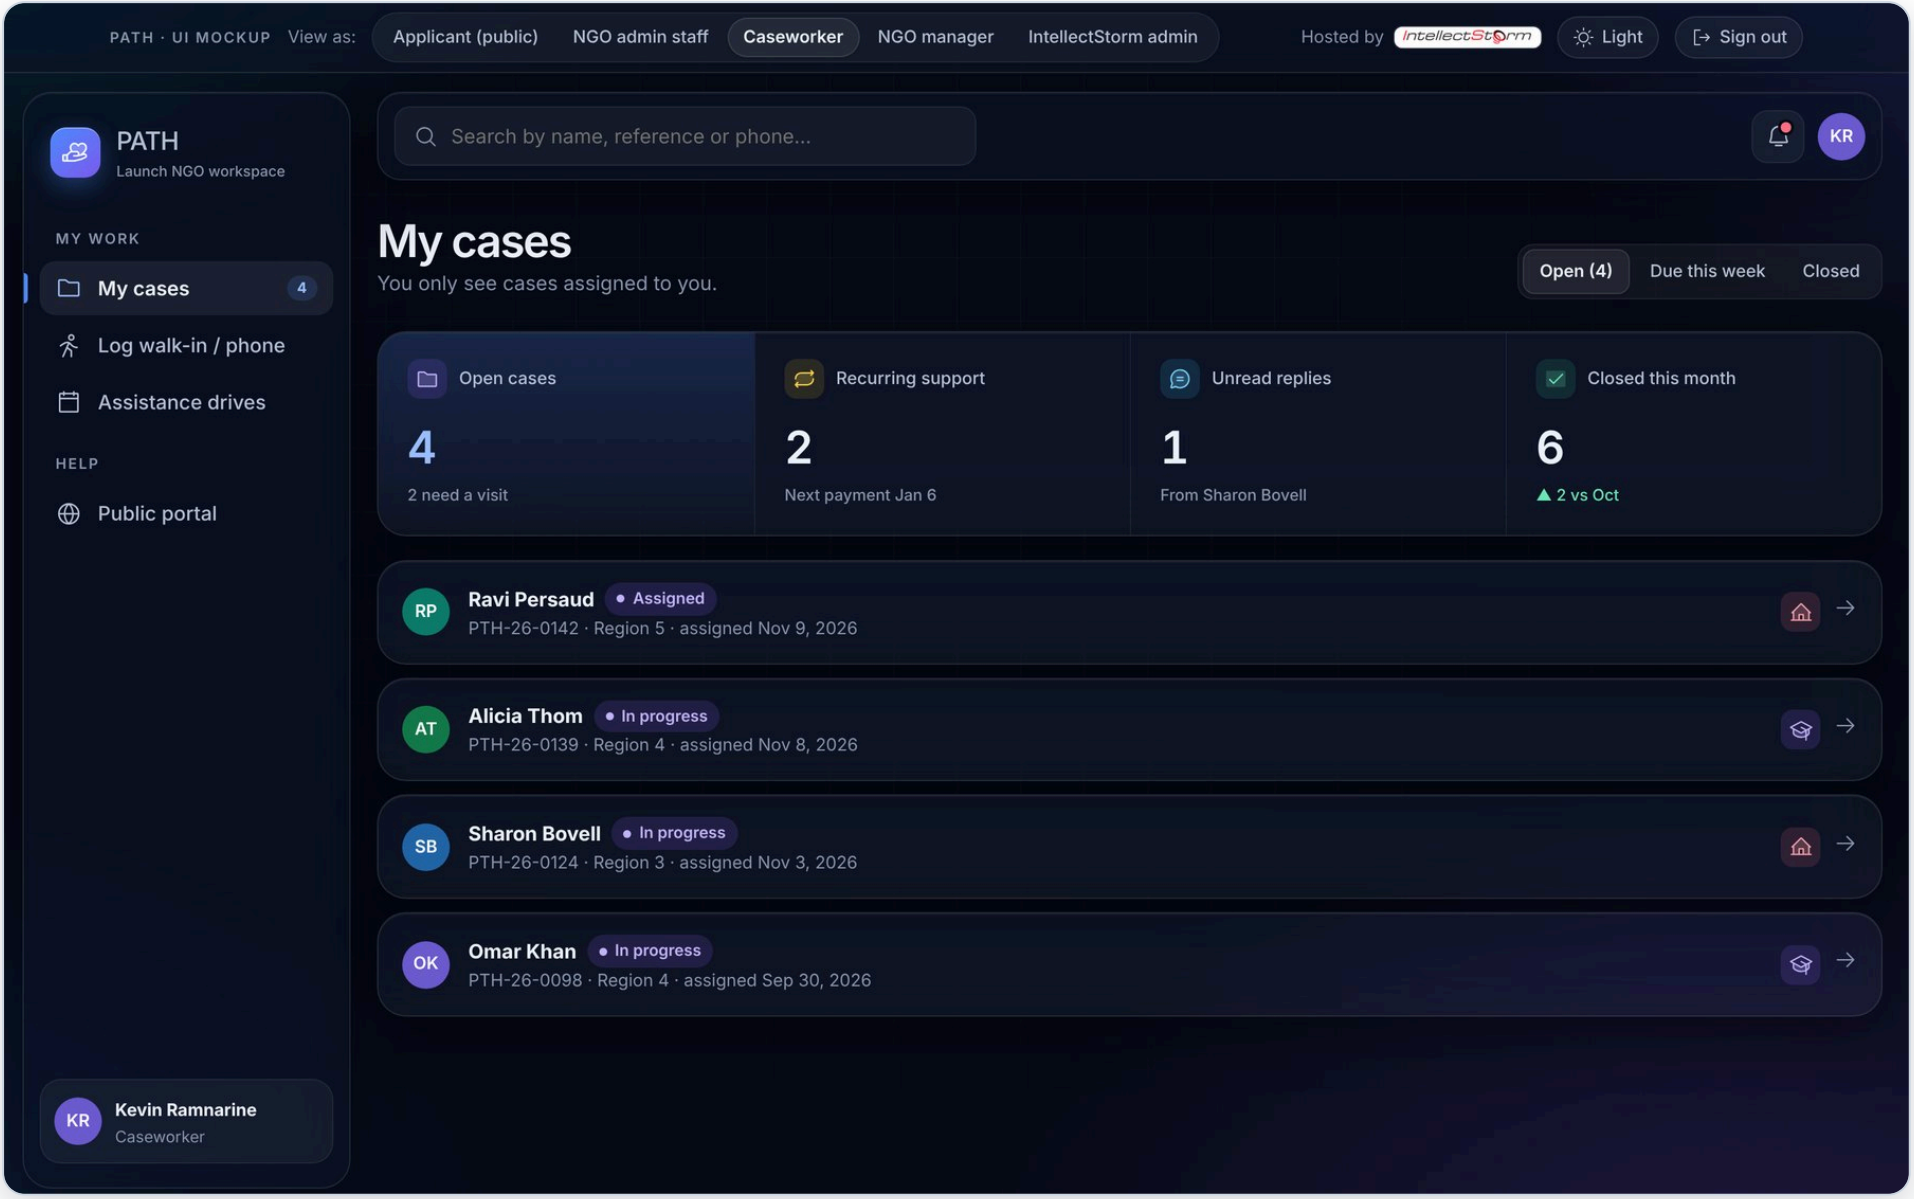

Figure 14. Caseworker: my cases

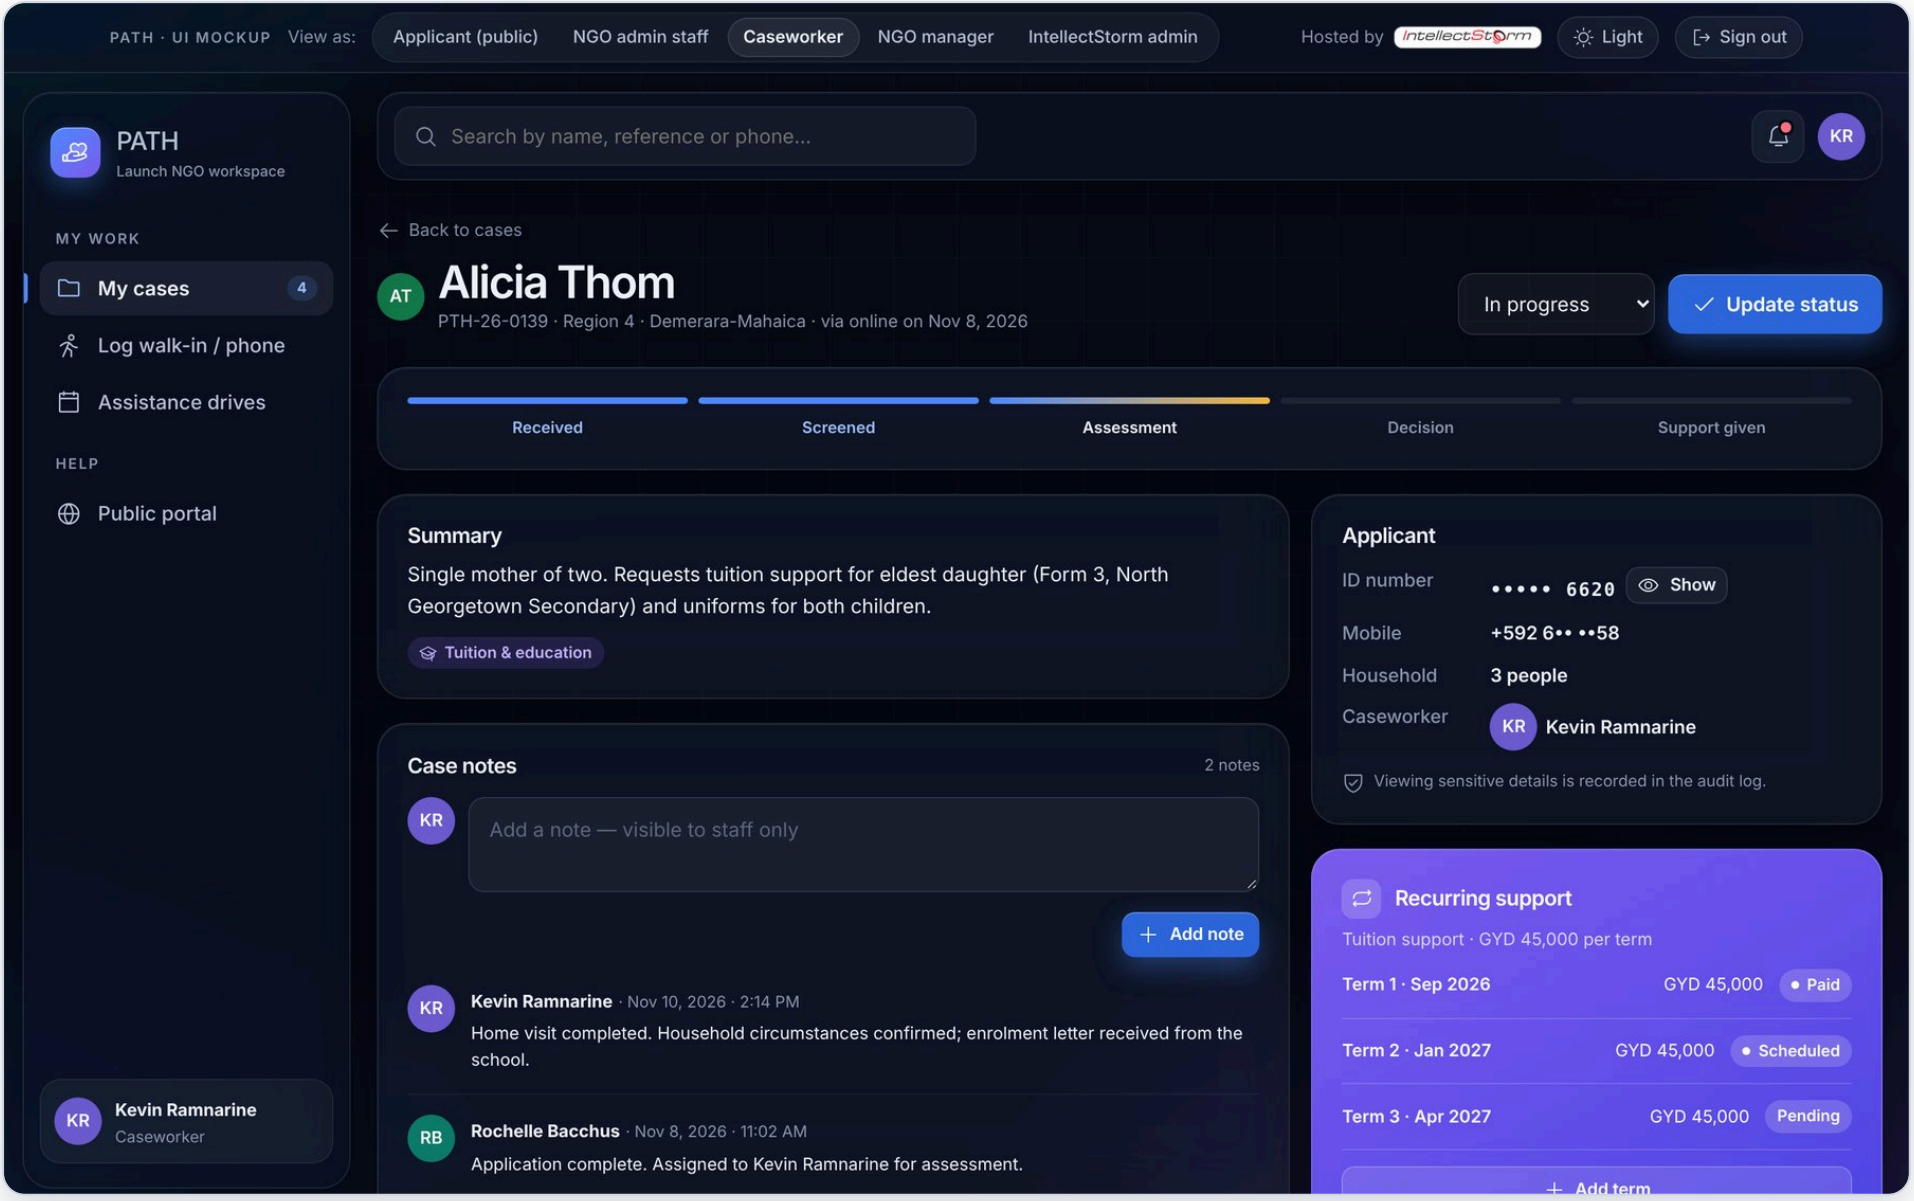

Figure 15. Case detail: notes, recurring support, communication log with failed SMS retry

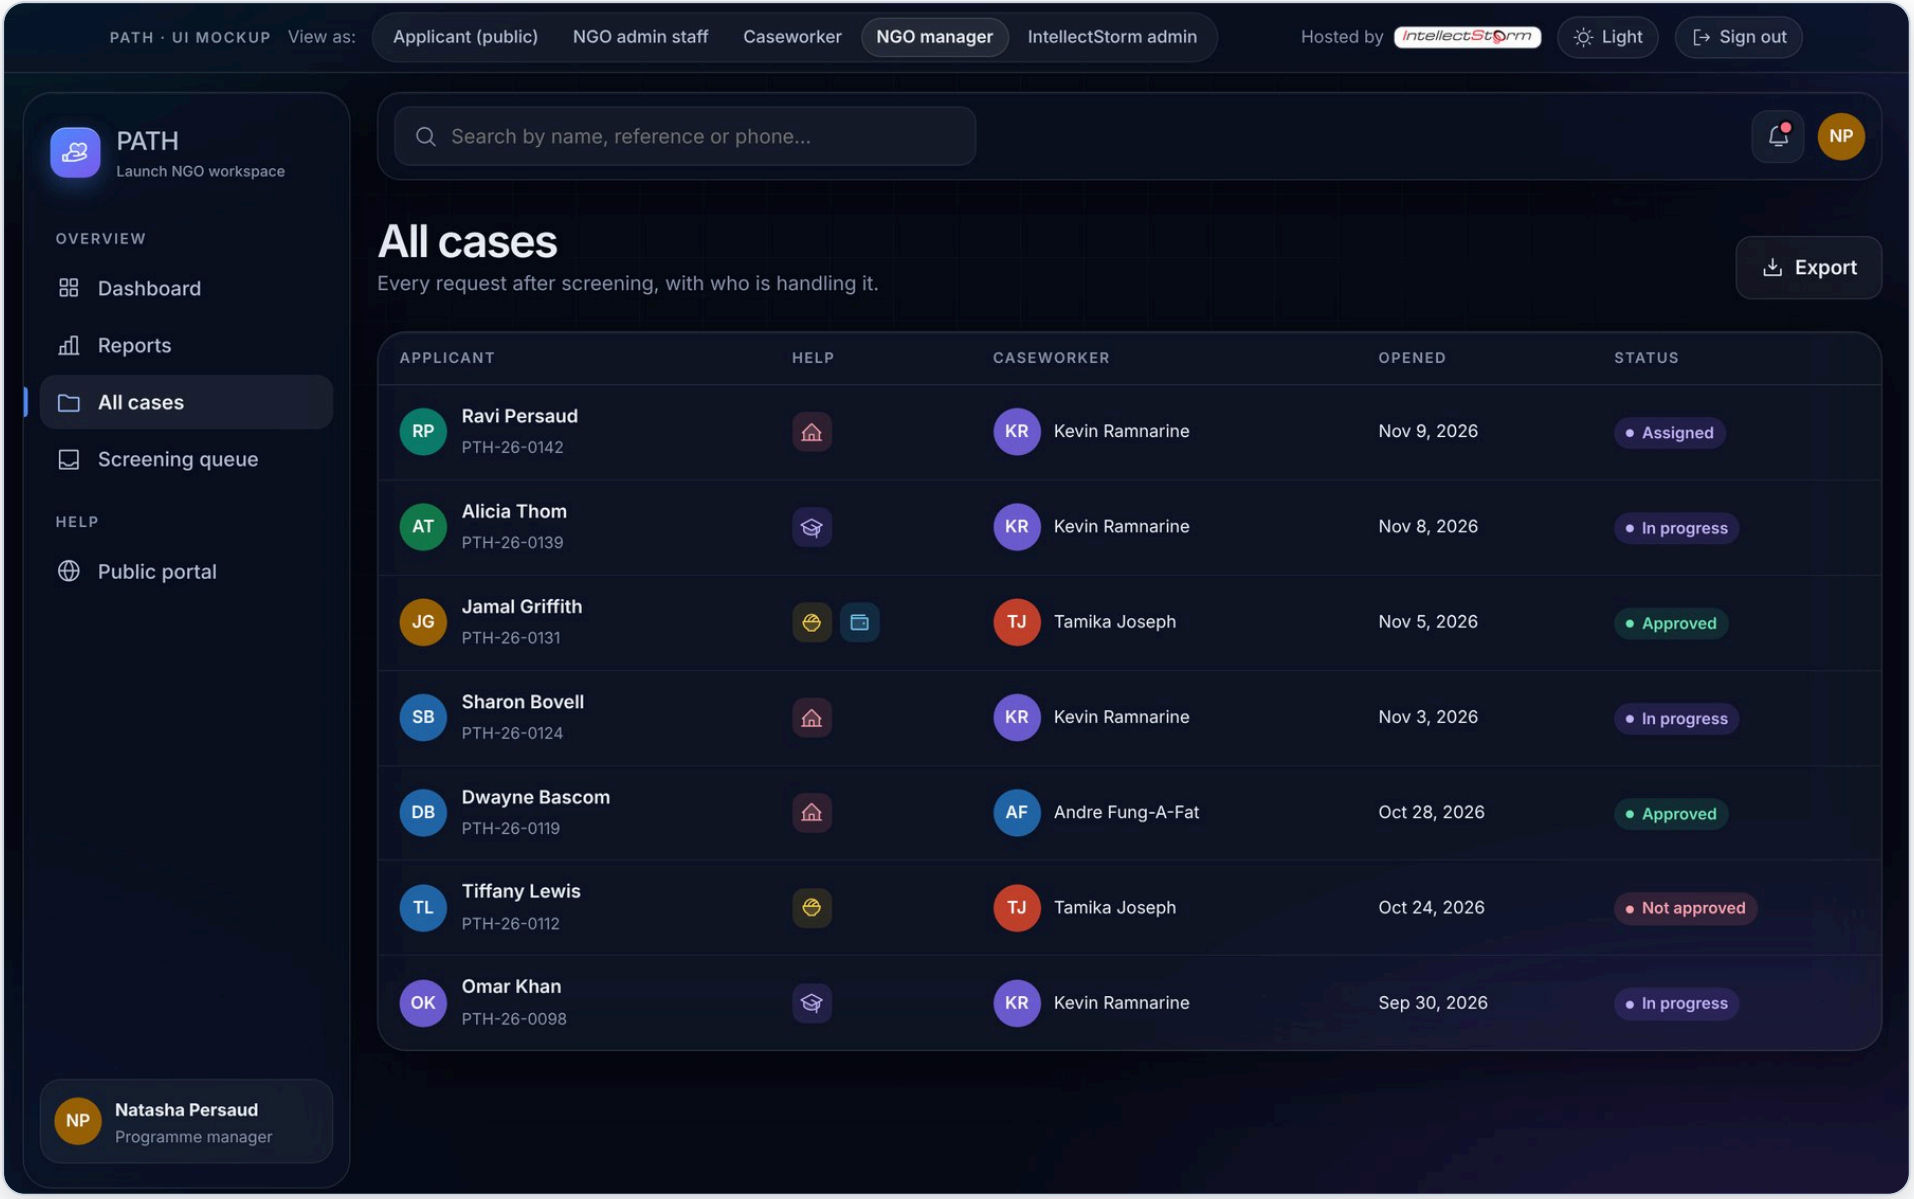

Figure 16. Manager: all cases after screening

Figure 17. Manager: monthly reports and exports

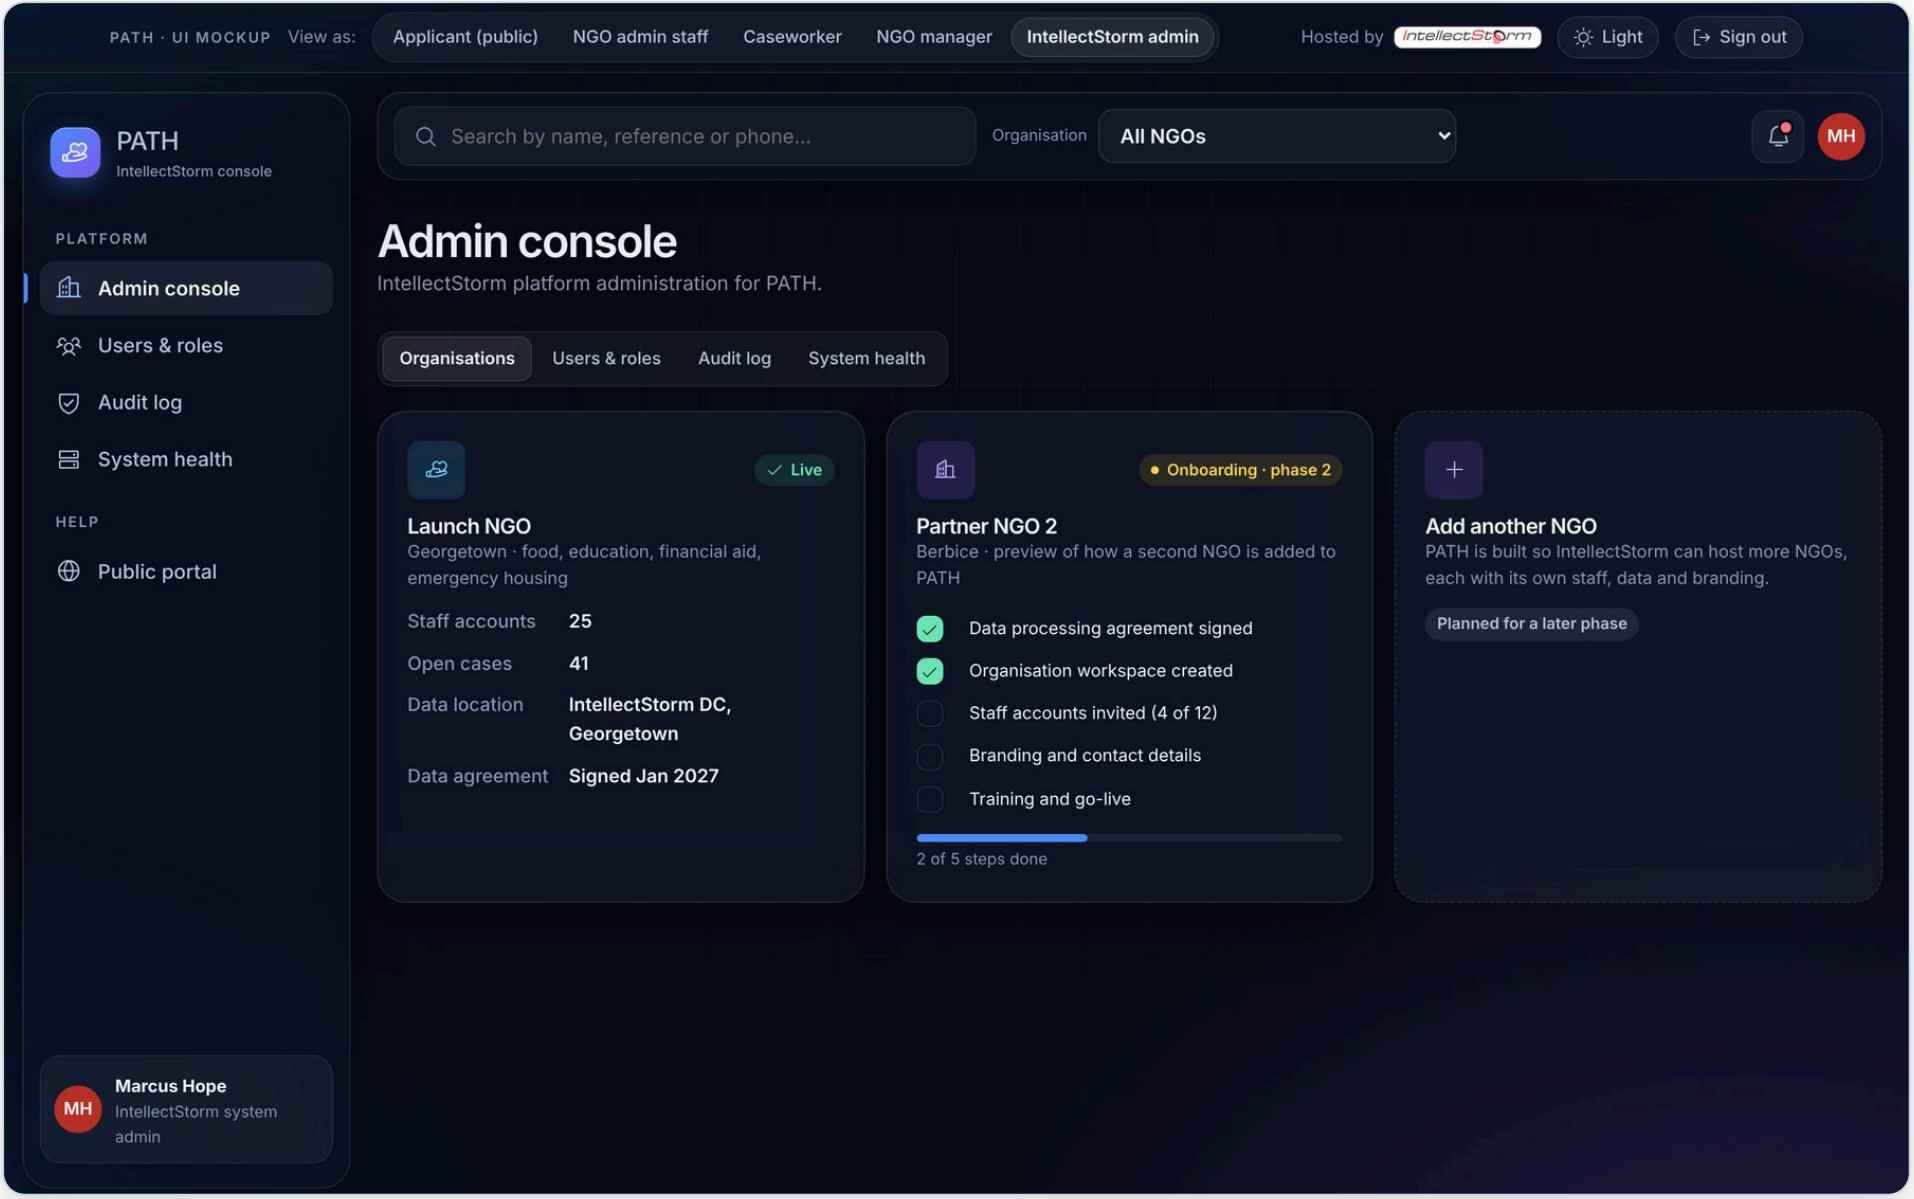

Figure 18. IntellectStorm admin: organisations and second-NGO onboarding (phase 2)

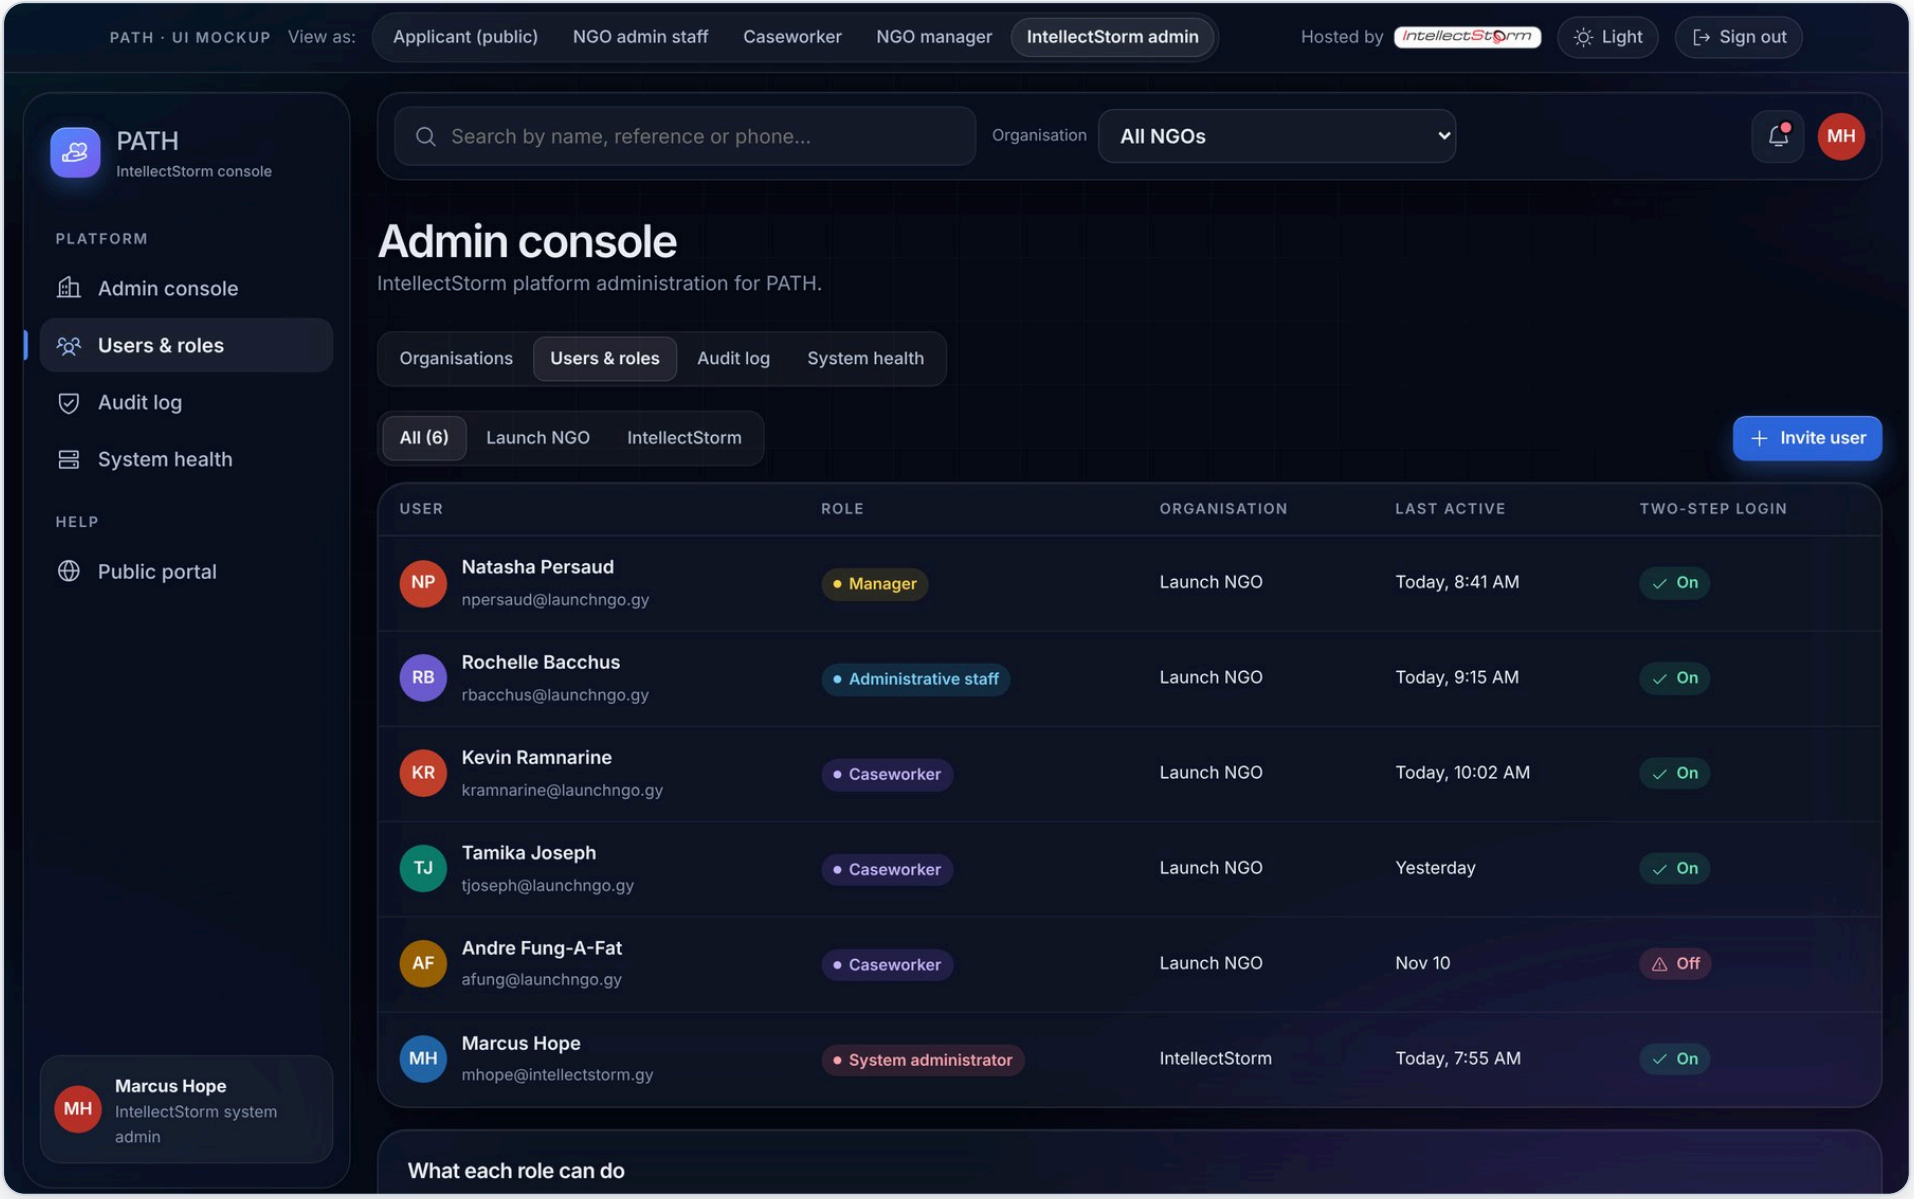

Figure 19. IntellectStorm admin: users and roles

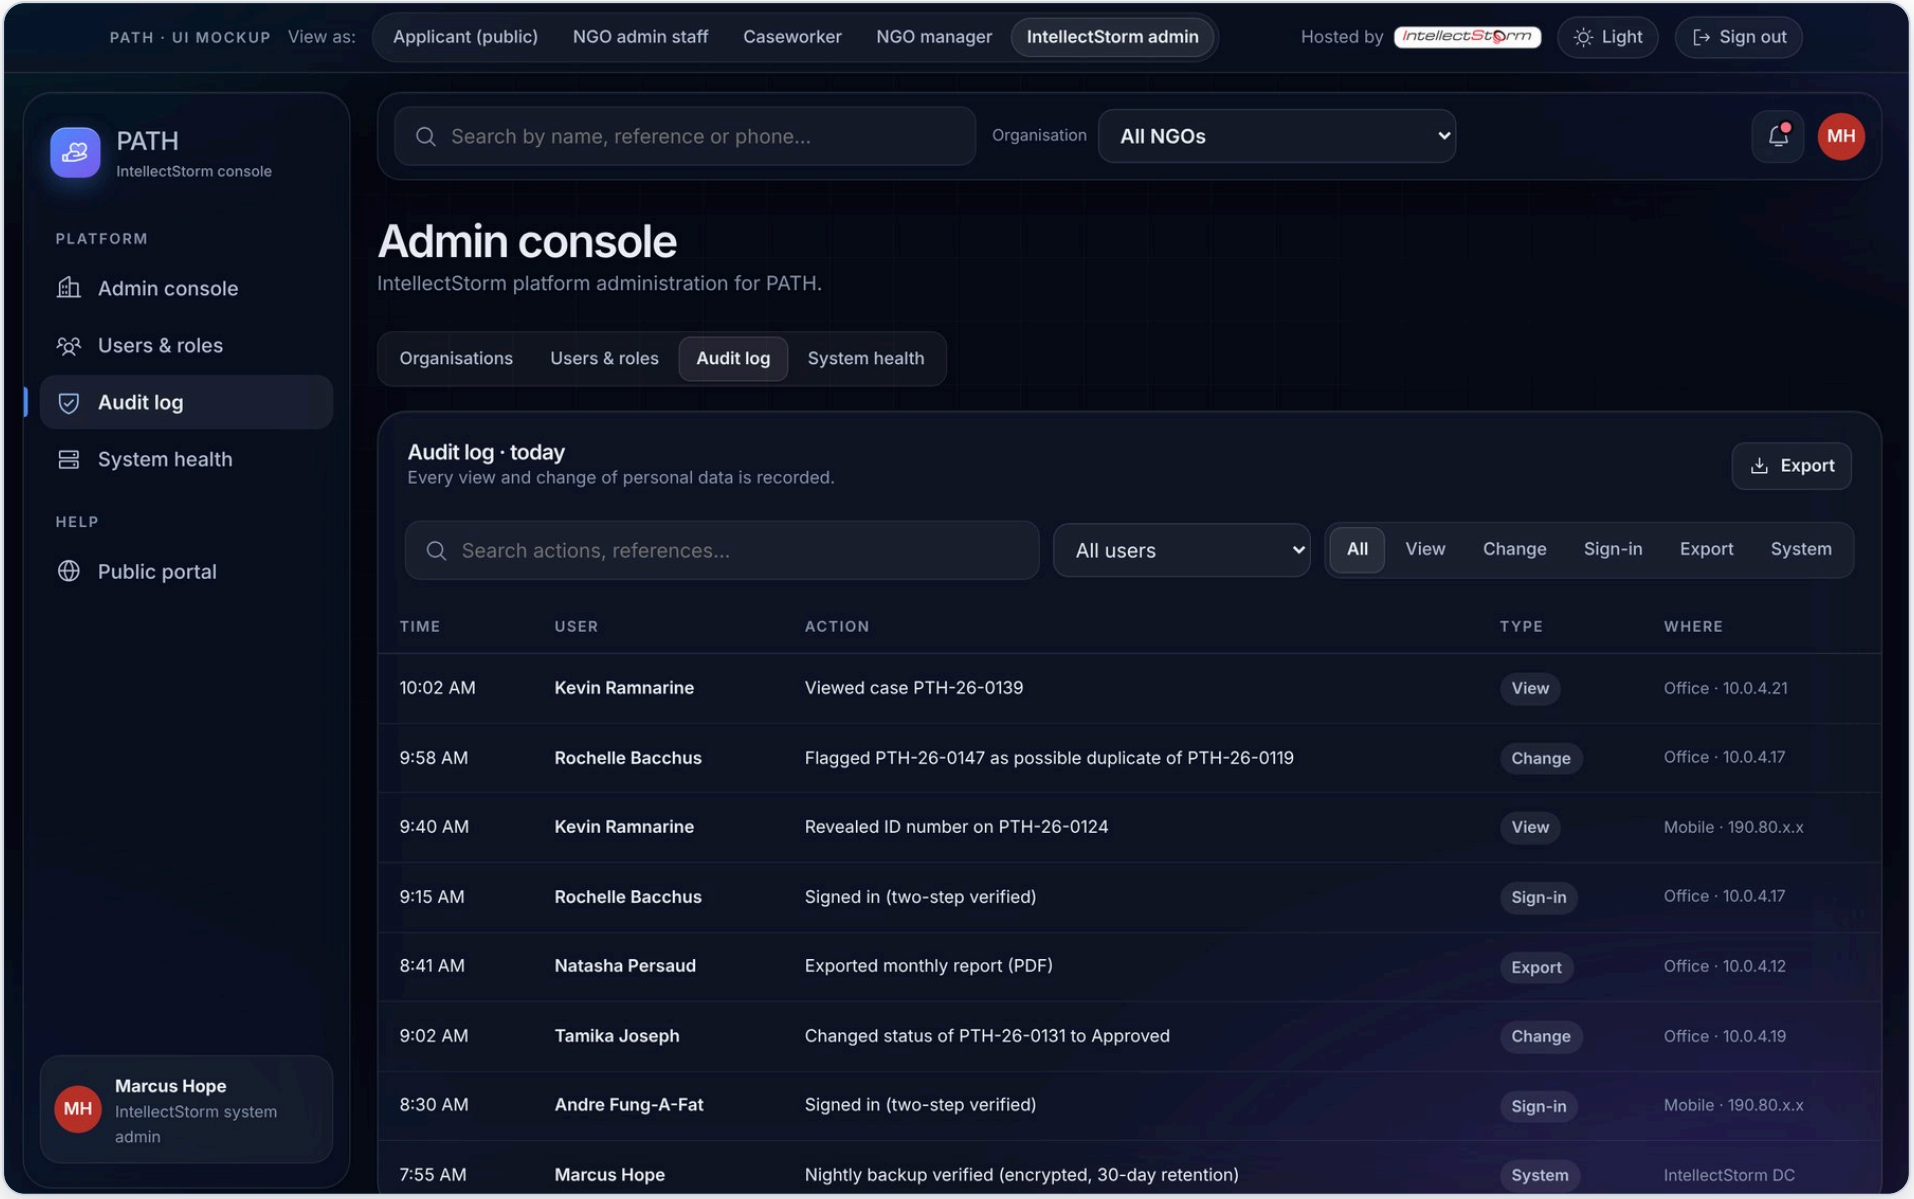

Figure 20. IntellectStorm admin: audit log with filters

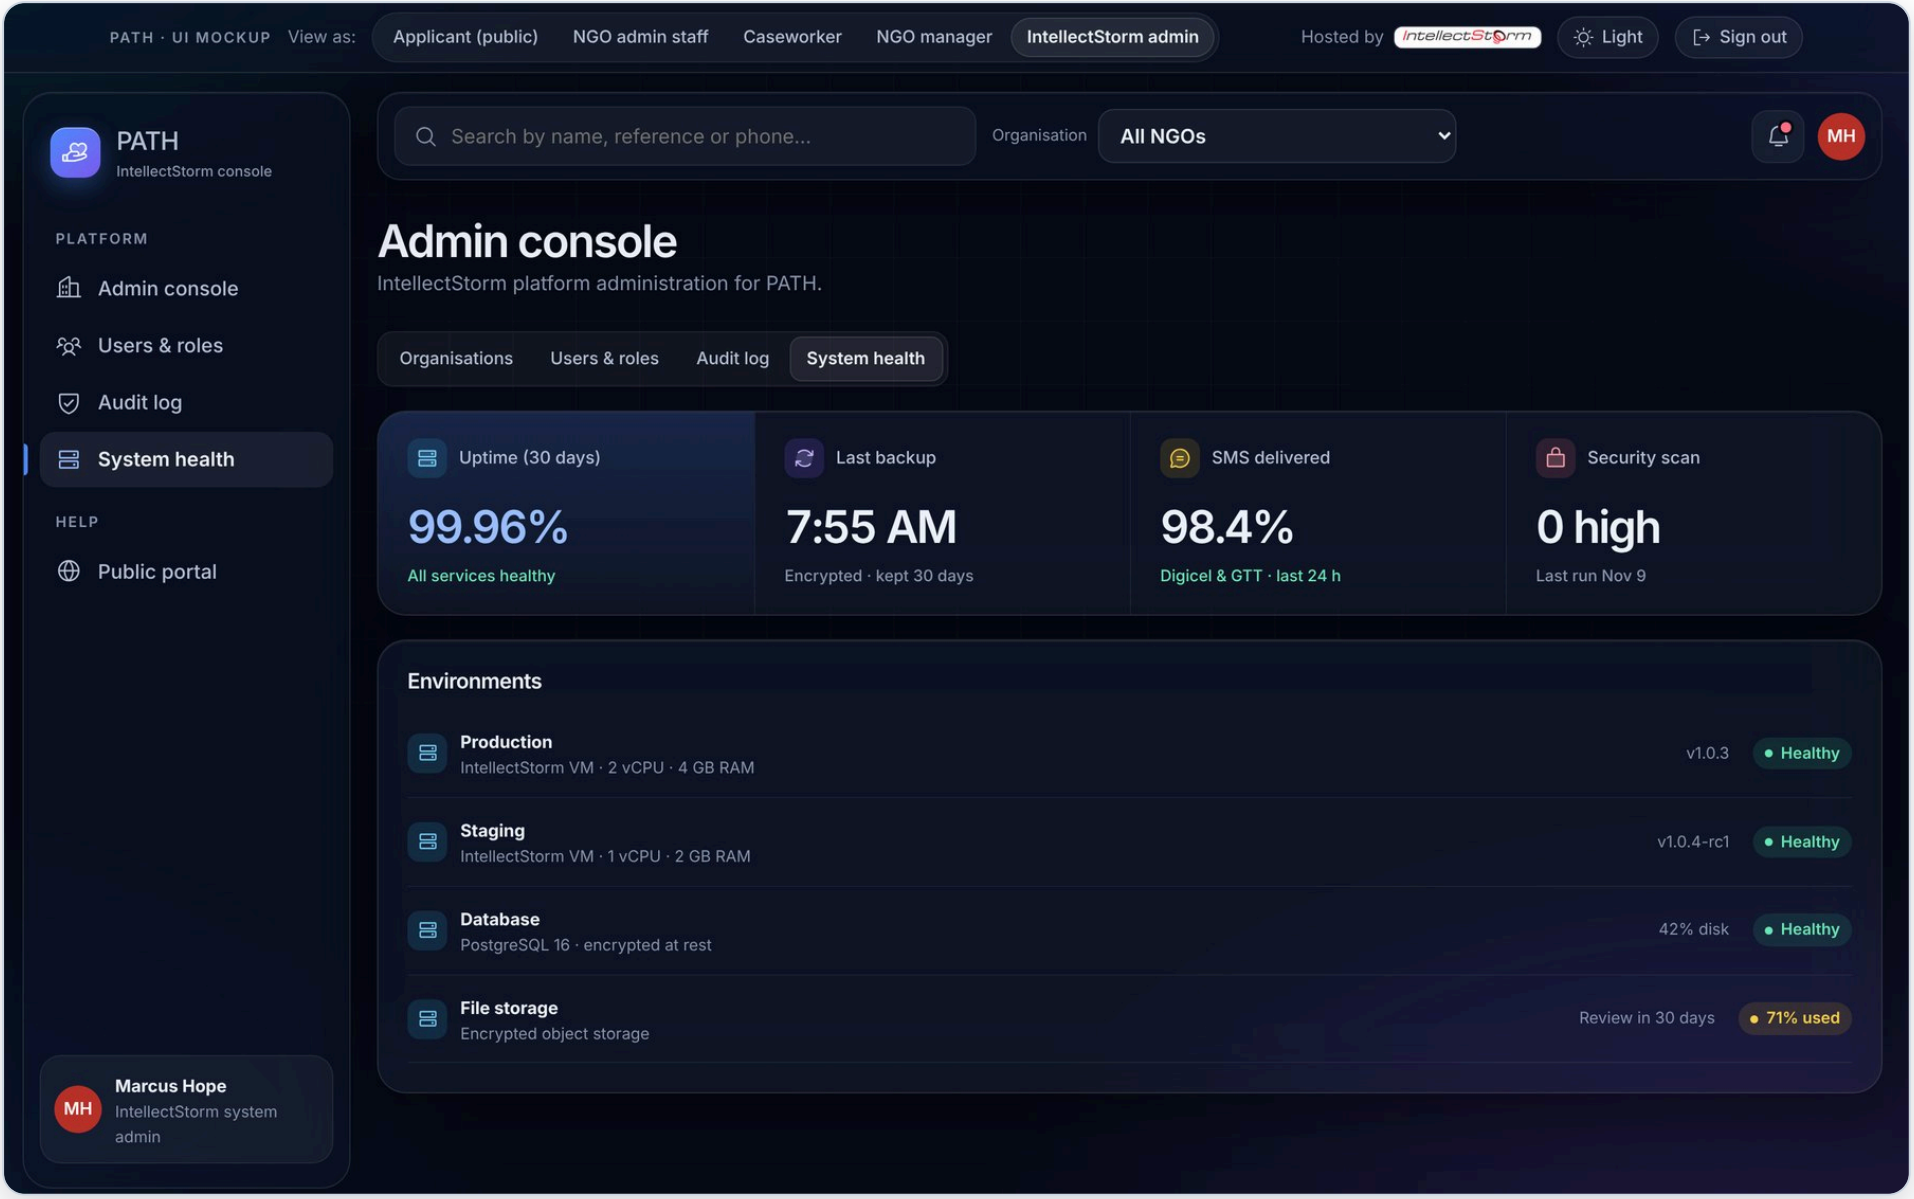

Figure 21. IntellectStorm admin: system health and backups

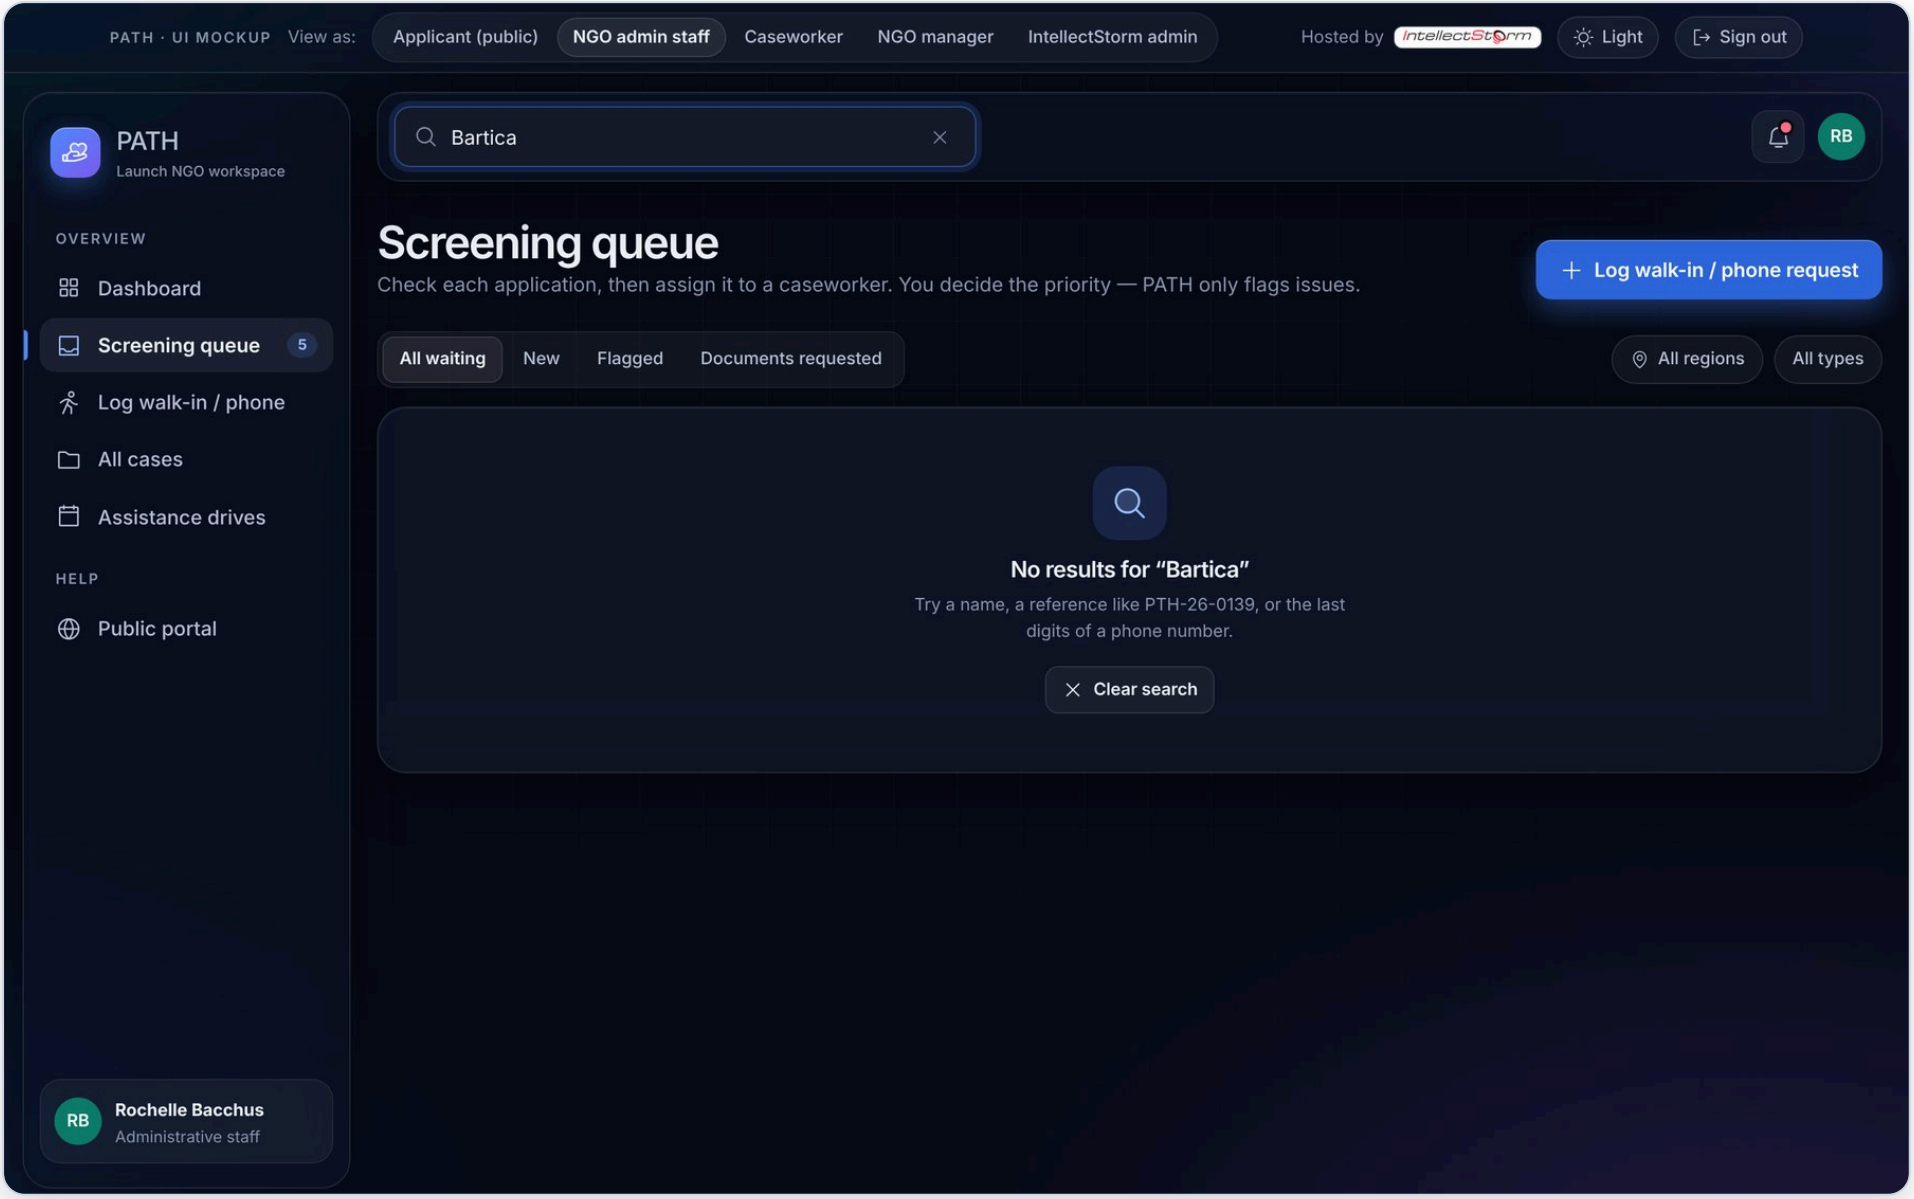

Figure 22. Empty state: no search results

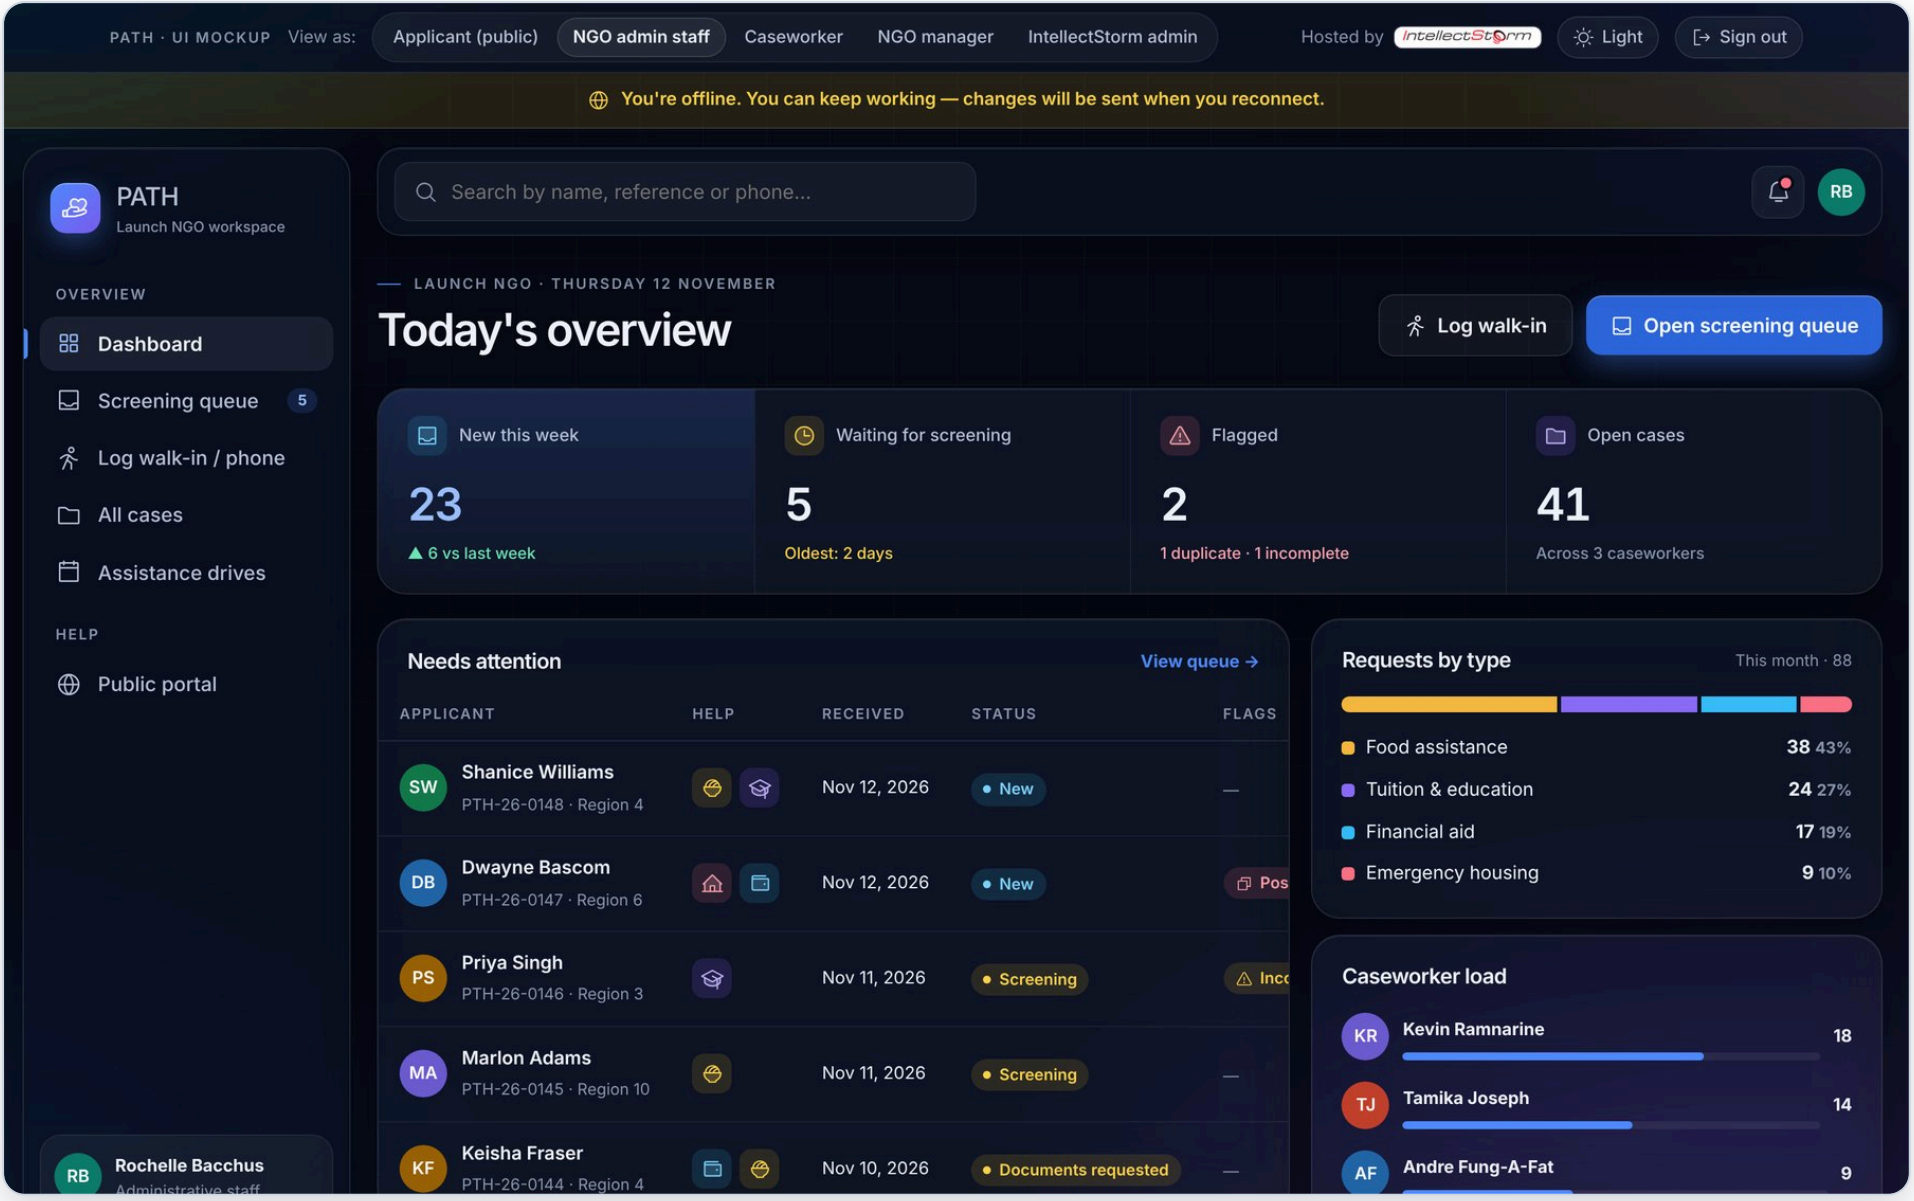

Figure 23. Offline banner and loading skeleton

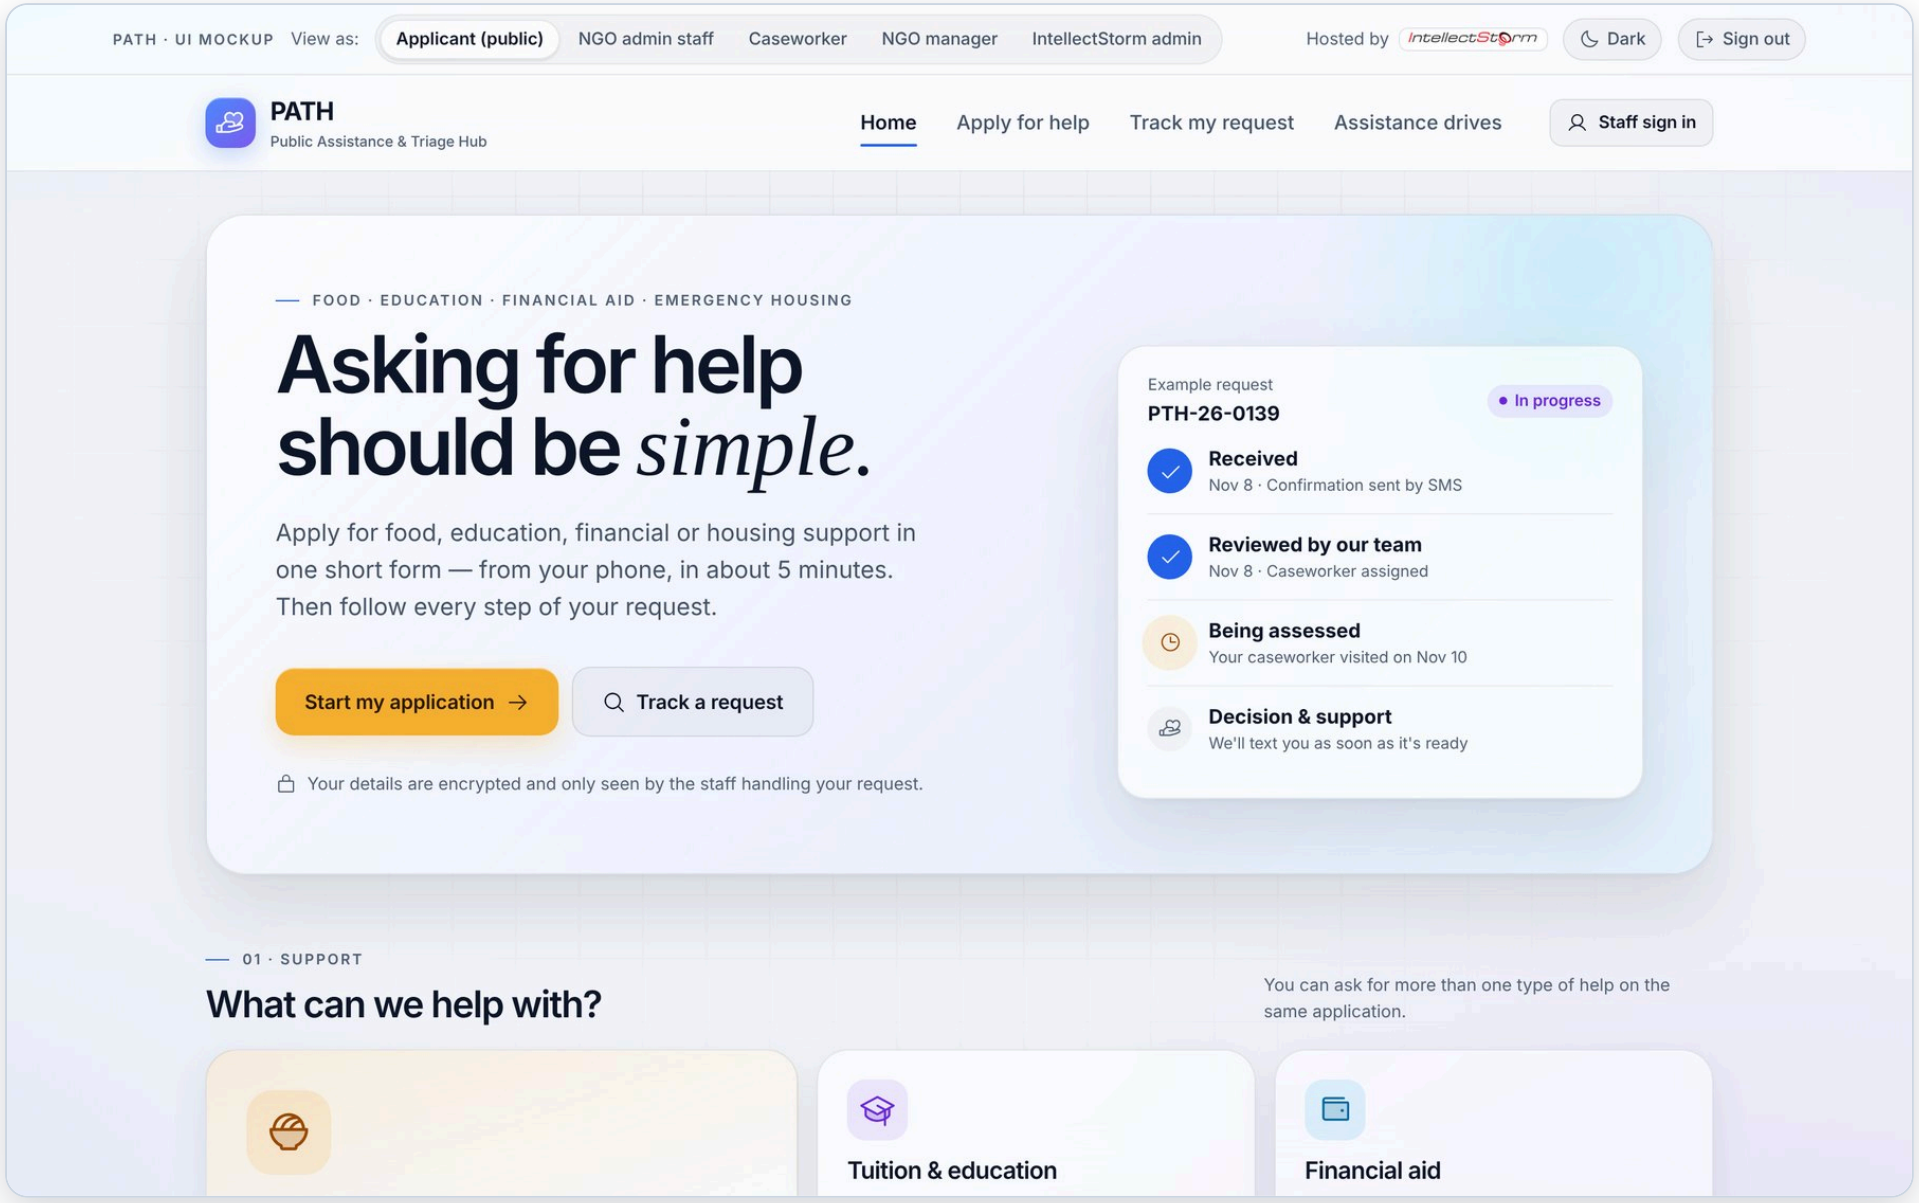

Figure 24. Light mode: public home

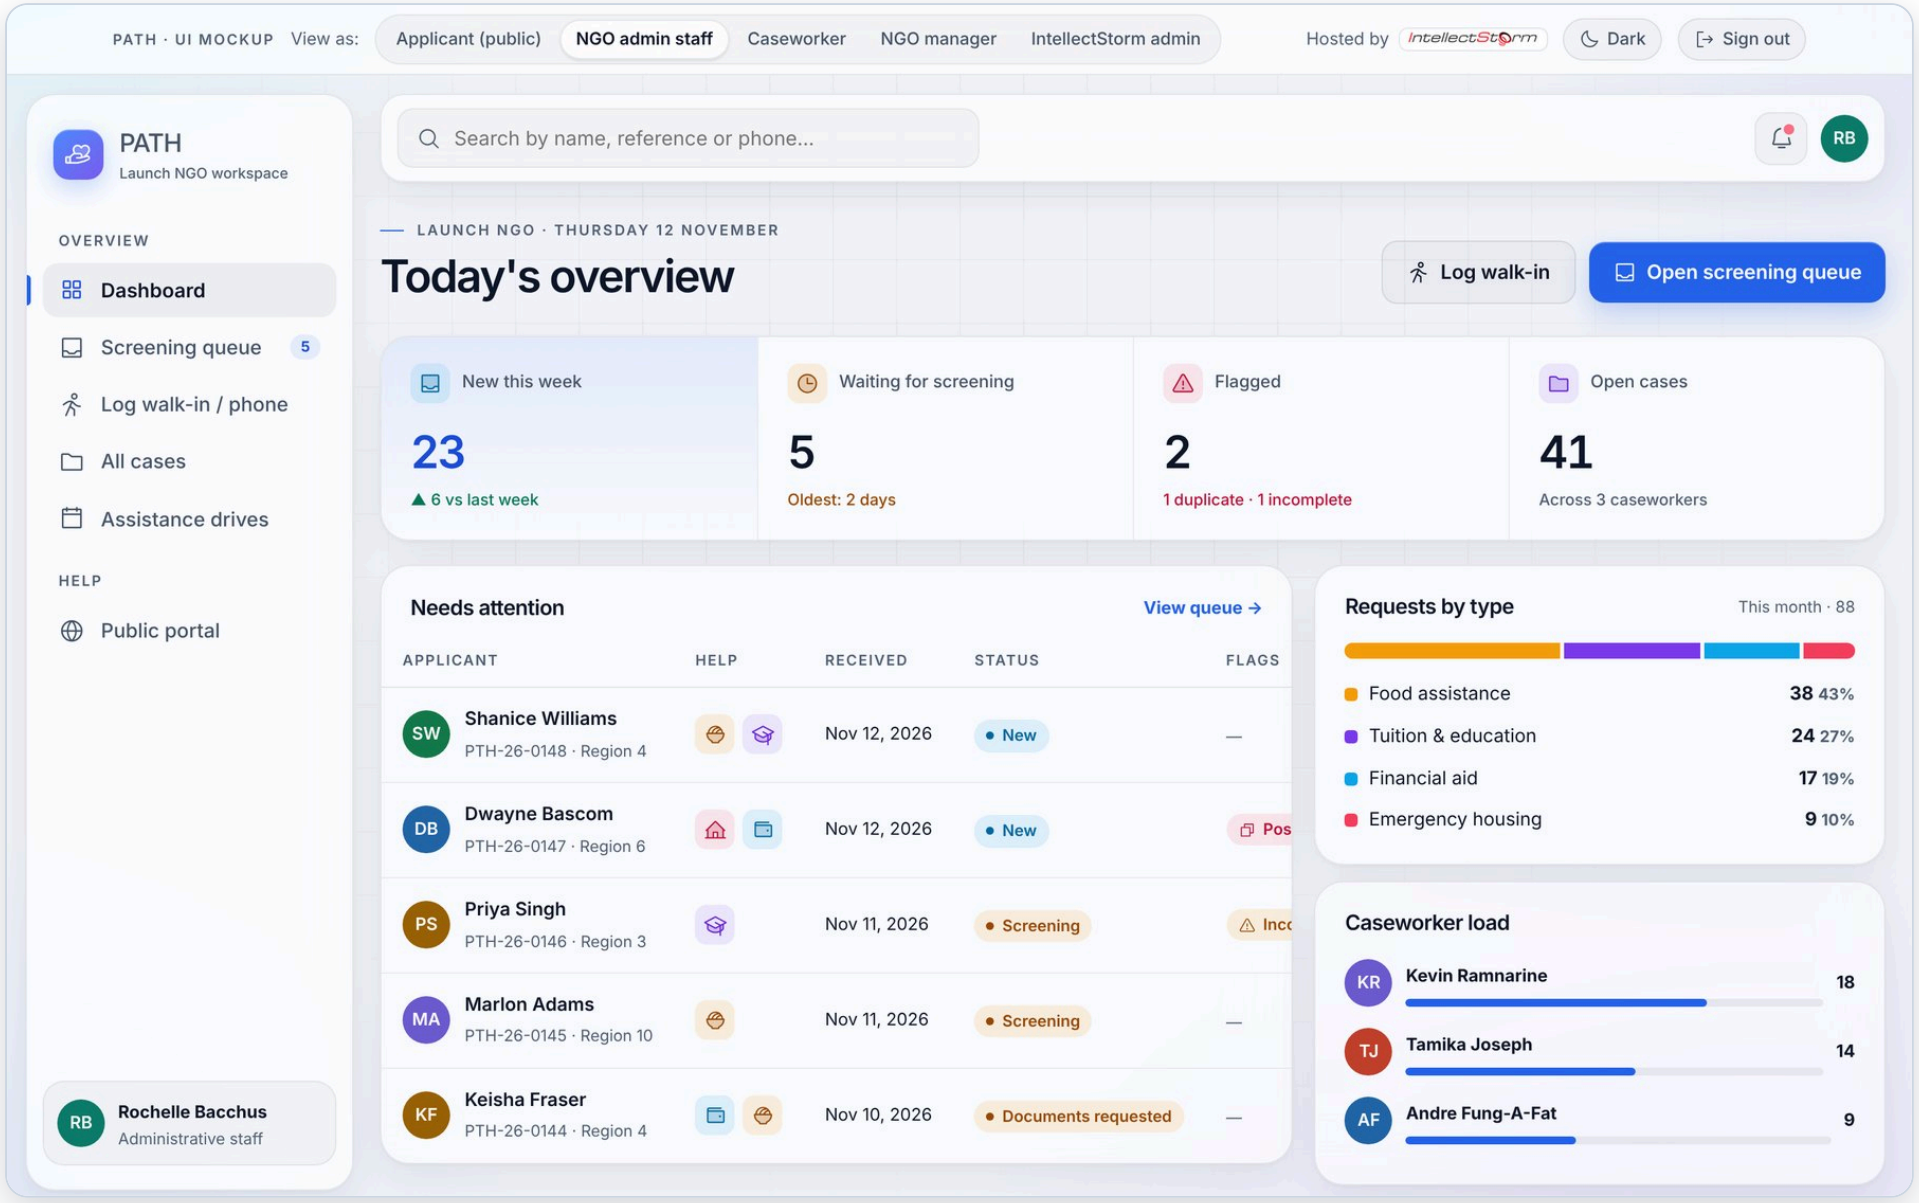

Figure 25. Light mode: staff dashboard

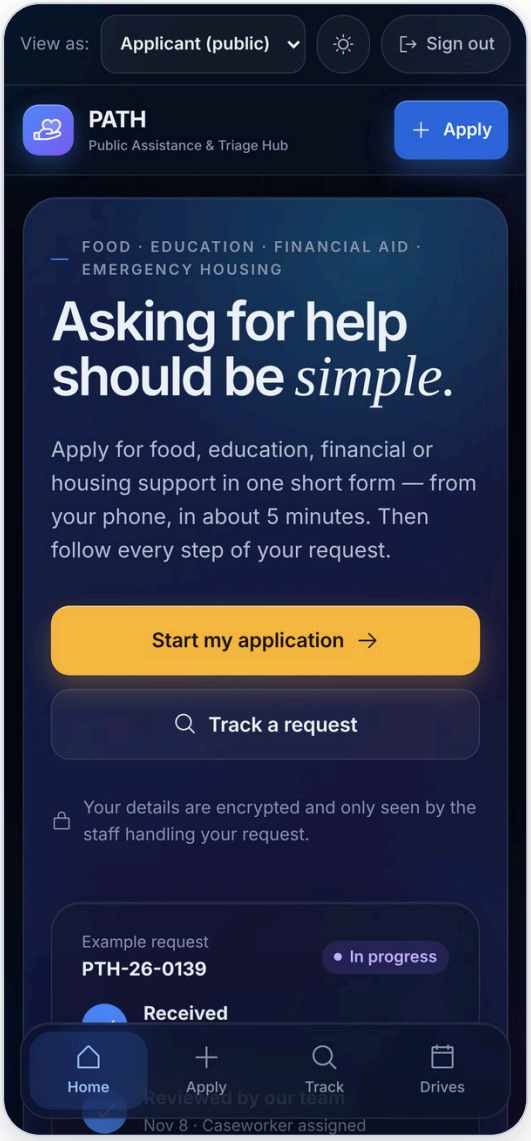

Figure 26. Public home

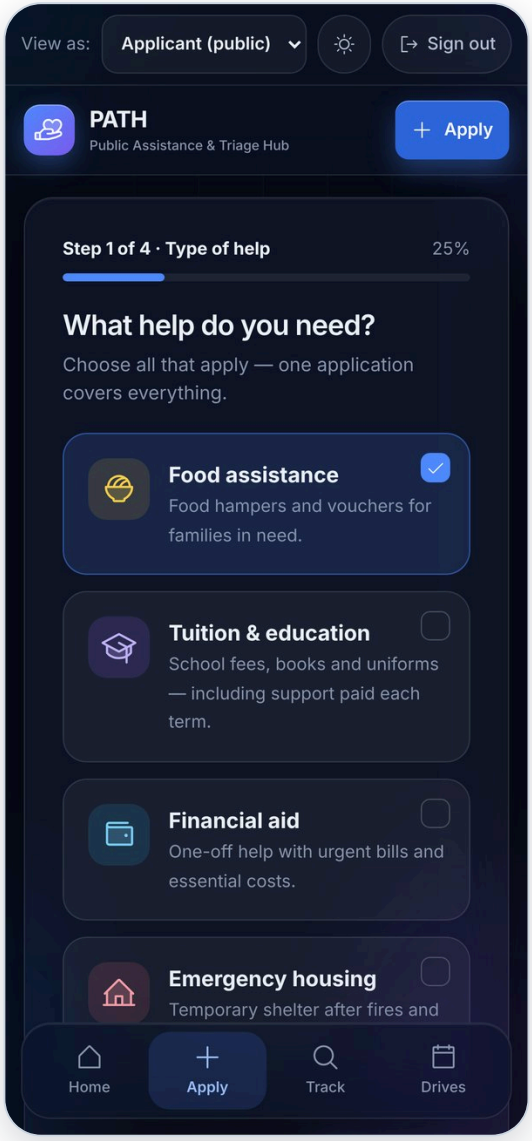

Figure 27. Apply wizard

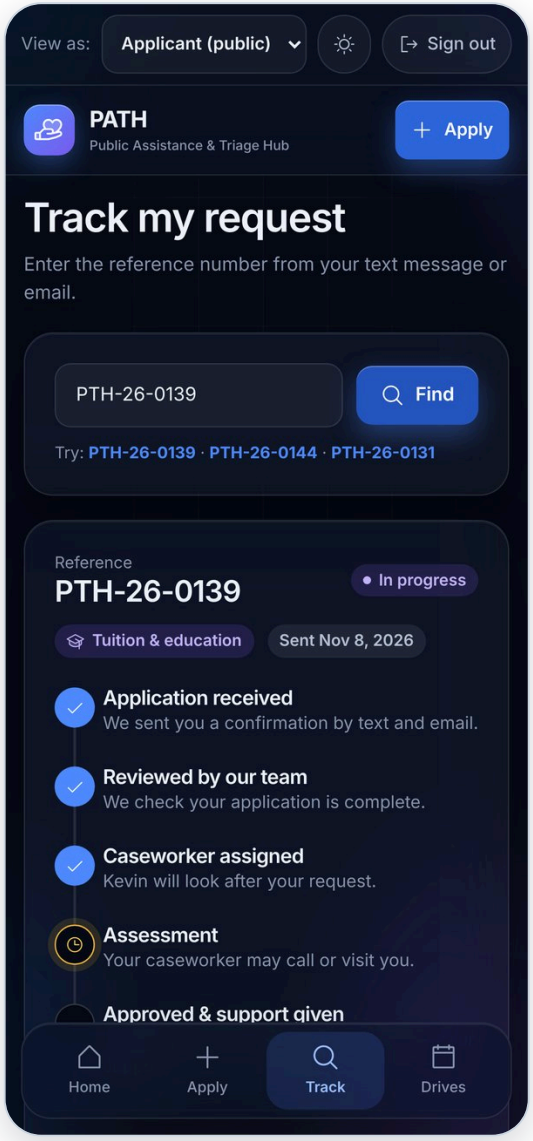

Figure 28. Track a request

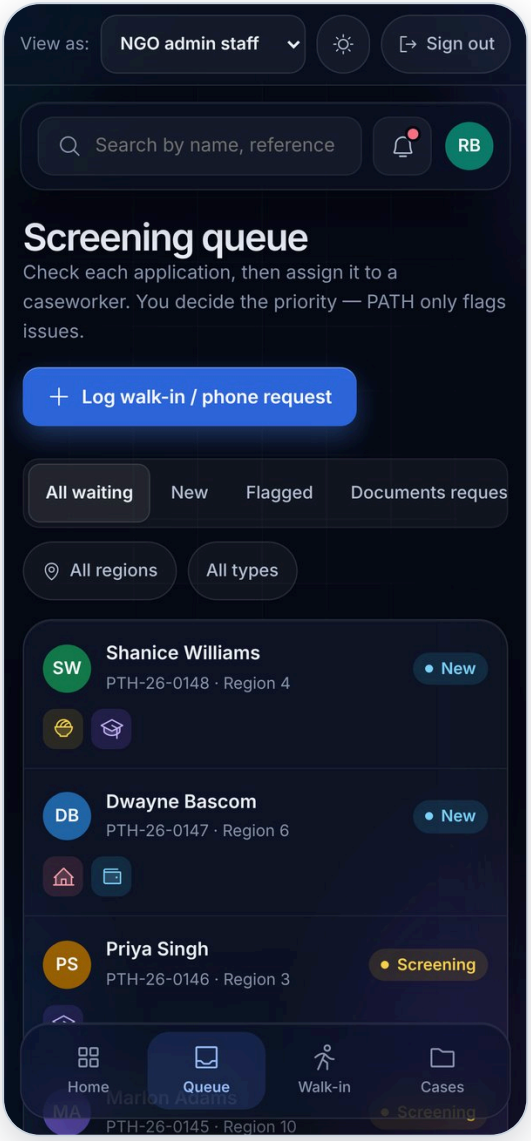

Figure 29. Screening queue

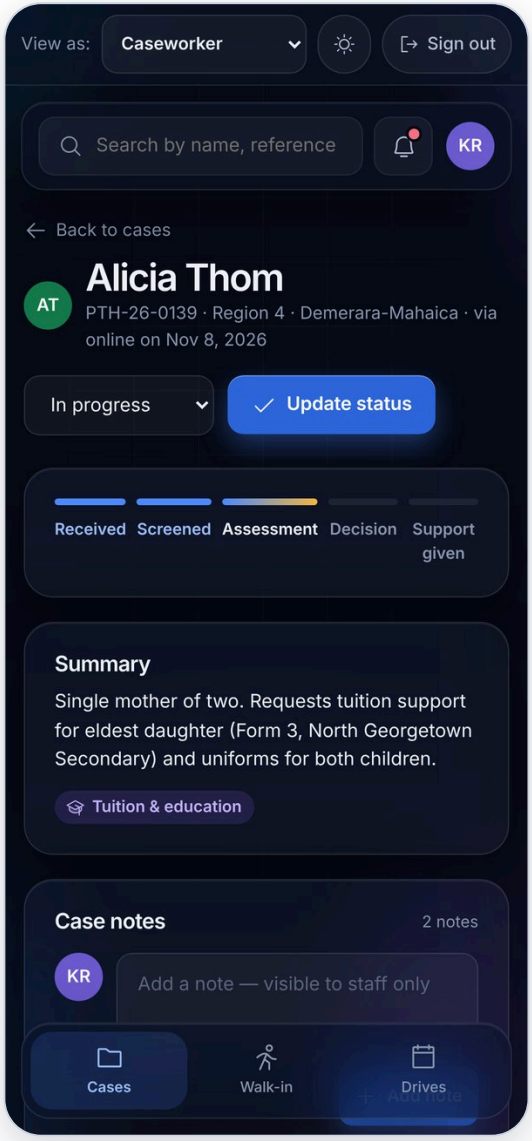

Figure 30. Case detail

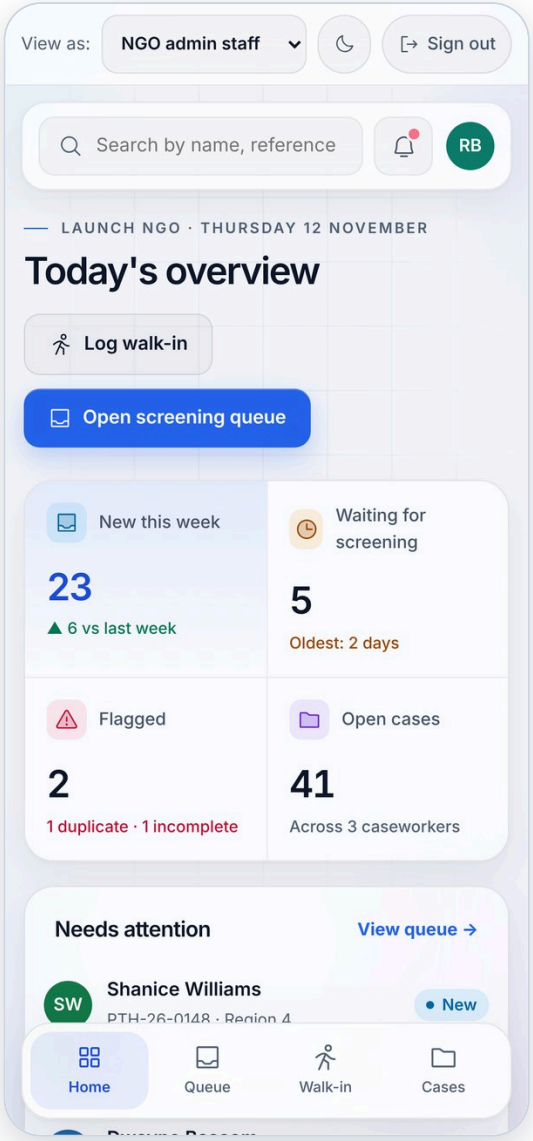

Figure 31. Light mode dashboard
